§ 757c. United States savings bonds and Treasury savings certificates—(a) Authority to issue; use of proceeds.

The Secretary of the Treasury, with the approval of the President, is authorized to issue, from time to time, through the Postal Service or otherwise, United States savings bonds and United States Treasury savings certificates, the proceeds of which shall be available to meet any public expenditures authorized by law, and to retire any outstanding obligations of the United States bearing interest or issued on a discount basis. The various issues and series of the savings bonds and the savings certificates shall be in such forms, shall be offered in such amounts, subject to the limitation imposed by section 757b of this title, and shall be issued in such manner and subject to such terms and conditions consistent with subsections (b), (c), and (d) hereof, and including any restrictions on their transfer, as the Secretary of the Treasury may from time to time prescribe.

(b) Issuance on discount or interest-bearing basis; terms and conditions; limitation of purchases.

Savings bonds and savings certificates may be issued on an interest-bearing basis, on a discount basis, or on a combination interest-bearing and discount basis and shall mature, in the case of bonds, not more than twenty years, and in the case of cer-

tificates, not more than ten years, from the date as of which issued. Such bonds and certificates may be sold at such price or prices, and redeemed before maturity upon such terms and conditions as the Secretary of the Treasury may prescribe: *Provided*, That the interest rate on, and the issue price of, savings bonds and savings certificates and the terms upon which they may be redeemed shall be such as to afford an investment yield not in excess of 3 per centum per annum, compounded semiannually. The denominations of savings bonds and of savings certificates shall be such as the Secretary of the Treasury may from time to time determine and shall be expressed in terms of their maturity values. The Secretary of the Treasury is authorized by regulation to fix the amount of savings bonds and savings certificates issued in any one year that may be held by any one person at any one time.

(c) Issuance of savings stamps; removal of limitation on denominations of postal-savings stamps.

The Secretary of the Treasury may, under such regulations and upon such terms and conditions as he may prescribe, issue, or cause to be issued, stamps, or may provide any other means to evidence payments for or on account of the savings bonds and savings certificates authorized by this section, and he may make provision for the exchange of savings certificates for savings bonds. The limitation on the authority of the Postmaster General to prescribe the denominations of postal-savings stamps contained in the second paragraph of section 756 of Title 39, is removed; and the Postmaster General is authorized, for the purposes of such section and to encourage and facilitate the accumulation of funds for the purchase of savings bonds and savings certificates, to prepare and issue postal-savings stamps in such denominations as he may prescribe.

(d) Exemption from taxation; circulation privilege.

The provisions of section 747 of this title (relating to exemptions from taxation), shall apply to savings bonds issued before March 1, 1941. For purposes of taxation any increment in value represented by the difference between the price paid and the redemption value received (whether at or before maturity) for savings bonds and savings certificates shall be considered as interest. The savings bonds and the savings certificates shall not bear the circulation privilege.

(e) Appropriation for expenses.

The appropriation for expenses provided by sections 760 and 761 of this title shall be available for all necessary expenses under this section, and the Secretary of the Treasury is authorized to advance, from time to time, to the Pastmaster [1] General from such appropriation such sums as are shown to be required for the expenses of the Post Office Department and of the Postal Service, in connection with the handling of savings bonds, savings certificates, and stamps or other means provided to evidence payment therefor, which sums may be used for additional employees or any other expenditure, wherever or in whatever class of post office incurred, in connection with such handling.

(f) Issuance of certain bonds discontinued.

No further original issue of bonds authorized by section 760 of Title 39, shall be made after July 1, 1935.

(g) Postal employees as fiscal agents for issuance, etc., of bonds, certificates or stamps.

At the request of the Secretary of the Treasury the Postmaster General, under such regulations as he may prescribe, shall require the employees of the Post Office Department and of the Postal Service to perform, without extra compensation, such fiscal agency services as may be desirable and practicable in connection with the issue, delivery, safekeeping, redemption, or payment of the savings bonds and savings certificates, or in connection with any stamps or other means provided to evidence payments.

(h) Redemption of savings bonds; qualifications of paying agents.

The Secretary of the Treasury, under such regulations as he may prescribe, may authorize or permit payments in connection with the redemption of savings bonds to be made by commercial banks, trust companies, savings banks, savings and loan associations, building and loan associations (including cooperative banks), credit unions, cash depositories, industrial banks, and similar financial institutions. No bank or other financial institution shall act as a paying agent until duly qualified as such under the regulations prescribed by the Secretary, nor unless (1) it is incorporated under Federal law or under the laws of a State, Territory, possession, the District of Columbia, or the Commonwealth of the Philippine Islands; (2) in the usual course of business it accepts, subject to withdrawal, funds for deposit or the purchase of shares; (3) it is under the supervision of the banking department or equivalent authority of the jurisdiction in which it is incorporated; and (4) it maintains a regular office for the transaction of its business.

(i) Losses resulting from redemption of savings bonds; exemptions from liability; repayment; report to Congress.

Any losses resulting from payments made in connection with the redemption of savings bonds shall be replaced out of the fund established by sections 134, 134a–134h of title 5, and sections 528, 738a of this title under such regulations as may be prescribed by the Secretary of the Treasury. The Treasurer of the United States, any Federal Reserve bank, or any qualified paying agent authorized or permitted to make payments in connection with the redemption of such bonds, shall be relieved from liability to the United States for such losses, upon a determination by the Secretary of the Treasury that such losses resulted from no fault or negligence on the part of the Treasurer, the Federal Reserve bank, or the qualified paying agent. The Post Office Department or the Postal Service shall be relieved from such liability upon a joint determination by the Postmaster General and the Secretary of the Treasury that such losses resulted from no fault or negligence on the part of the Post Office Department or the Postal Service. The provisions of section 134b of title 5 with respect to the finality of decisions by the Secre-

tary of the Treasury shall apply to the determinations made pursuant to this subsection. All recoveries and repayments on account of such losses, as to which replacement shall have been made out of the fund, shall be credited to it and shall be available for the purposes thereof. The Secretary of the Treasury shall include in his annual report to the Congress a statement of all payments made from the fund pursuant to this subsection. The Boeuf Floodway in the project adopted by sections 702a, 702b–702d, 702e–702g, 702h–702j, 702k, 702l, and 702m of this title, and the Eudora Floodway as well as the Northward Extension and the back protection levee extending from the head of the said Eudora Floodway north to the Arkansas River in the project adopted by sections 702a-1, 702a-2—702a-11, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title, are hereby abandoned, and the provisions of said sections relating to the prosecution of work on said floodways and extension are hereby repealed.

(d) The Chief of Engineers, with approval of the Secretary of War, shall reimburse local authorities for actual expenditures found by the Chief of Engineers to be reasonable, for providing at the request of the United States, in accordance with local legal procedure or custom, rights-of-way and flowage easements required for future setbacks of main-line Mississippi River levees

(f) In the development of the authorized project, the construction of improvements for Bayou Rapides, Boeuf, and Cocodrie, Louisiana, contemplated in the report dated March 24, 1941, of the Special Board of Officers at an estimated cost of $2,600,000 is hereby authorized.

(g) The total authorizations heretofore made for the flood control project of the alluvial valley of the Mississippi River shall not be increased by reason of any provision in sections 701b, 701b–2, 701c–2, 701c–3, 701g, 701m, 701n, 702a–1¾, and 702a–12 of this title and section 1026b of Title 10, except for the additional amounts necessary for the Yazoo and Red River backwater improvements, and any appropriations heretofore or hereafter made or authorized for said project as herein or heretofore modified may be expended upon any feature of the said project, notwithstanding any restrictions, limitations, or requirements of existing law: *Provided*, That funds hereafter expended for maintenance shall not be considered as reducing present remaining balances of authorizations. (June 15, 1936, ch. 548, as added Aug. 18, 1941, ch. 377, § 3, 55 Stat. 642.)

§ 702d. Same; flowage rights; condemnation proceedings; benefits to property.

The United States shall provide flowage rights for additional destructive flood waters that will pass by reason of diversions from the main channel of the Mississippi River: *Provided*, That in all cases where the execution of the flood-control plan herein adopted results in benefits to property such benefits shall be taken into consideration by way of reducing the amount of compensation to be paid.

The Secretary of War may cause proceedings to be instituted for the acquirement by condemnation of any lands, easements, or rights of way which, in the opinion of the Secretary of War and the Chief of Engineers, are needed in carrying out this project, the said proceedings to be instituted in the United States district court for the district in which the land, easement, or right of way is located. In all such proceedings the practice, pleadings, forms, and modes of proceedings shall conform as near as may be to the practice, pleadings, forms, and proceedings existing at the time in like causes in the courts of record of the State within which such district court is held, any rule of the court to the contrary notwithstanding. When the owner of any land, easement, or right of way shall fix a price for the same which, in the opinion of the Secretary of War is reasonable, he may purchase the same at such price, and the Secretary of War is also authorized to accept donations of lands, easements, and rights of way required for this project The provisions of sections 594 and 595 of this title are made applicable to the acquisition of lands, easements, or rights of way needed for works of flood control: *Provided*, That any land acquired under the provisions of this section shall be turned over without cost to the ownership of States or local interests. § 521. Naval petroleum reserves; exploration of reserves; conditions for oil production and disposal; condemnation; cooperation between Congress and Navy Department; leases; royalties.

The Secretary of the Navy is directed to take possession of all properties within the naval petroleum reserves as are or may become subject to the control and use by the United States for naval purposes; to explore, prospect, conserve, develop, use, and operate the same in his discretion, subject to approval by the President, directly or by contract, lease, or otherwise, including, in the case of naval petroleum reserve numbered 1, contracts for joint, unit, or other cooperative plans of exploration, prospecting, conservation, development, use, and operation of lands owned or controlled by the United States within such reserve numbered 1 and lands (a) owned or leased by private interests therein, or (b) outside thereof but on the same geologic structure, such use and operation to be for the protection, conservation, maintenance, and testing of the aforesaid reserves, or for the production of petroleum whenever and to the extent the Secretary, with the approval of the President, finds required for the national defense: *Provided, however*, That no petroleum shall be produced pursuant to such a finding unless authorized by the Congress by joint resolution: *And provided further*, That the Secretary shall from time to time reexamine the need for such production so authorized and if he shall find that the quantity of such production so authorized is no longer required for the national defense then the quantity of such production shall be reduced to the amount currently required for the national defense; and to use, store, exchange for other petroleum or refined products, or sell the oil and gas products thereof, and those from all royalty oil and gas from lands in the naval reserves, for the benefit of the United States, subject to the applicable limitations and restrictions of this section; and to exercise exclusive jurisdiction and control over those lands within the borders of naval petroleum reserves numbered 1 and 2 which are embraced by leases granted pursuant to the provisions of sections 48, 181, 181 note, 182–184, 185–194, 201, 202–209, 223, 224–226, 227–229, 241, 251, 261–263 of this title.

Any contract entered into pursuant to the authority granted in the preceding paragraph for joint, unit, or other cooperative plan of exploration, prospecting, conservation, development, use, or operation shall require that the United States be assured of receipt currently of its share of the total production from each of the various commercially productive zones underlying all lands covered by the contract as determined from time to time on the basis of estimates of its original share of the quantities of recoverable oil, gas, natural gasoline and associated hydrocarbons in such zones underlying such lands on the date fixed in such contract: *Provided, however*, That any party to such a contract, other than the United States may, pursuant to the authority hereinabove granted to use and operate the reserves for their protection, conservation, maintenance and testing, be permitted under the terms of such contract to have produced and to receive and shall have charged to its share in the total production from any zone or zones such quantities of petroleum as are necessary to compensate it—

(a) for its share of the current expenses of protecting, conserving, testing and maintaining in good oil-field condition such lands and the wells and improvements thereon, and its real and personal taxes levied or assessed thereon; and

(b) for surrendering control of the rate of production from its lands: *Provided*, That if the Secretary of the Navy is not then causing petroleum to be produced pursuant to a joint resolution as referred to in the preceding paragraph, the quantity of petroleum determined to be produced under this subparagraph (b) may, in the absolute discretion of the Secretary, be terminated or reduced at any time on reasonable notice.

Such quantities permitted to be produced pursuant to the foregoing subparagraphs (a) and (b) shall in no event, however, exceed one-third of its share of the estimated recoverable petroleum on such date fixed in such contract in such zone or zones; and no such contract shall be entered into without prior

consultation in regard to all its details with the Naval Affairs Committees of the Congress.

All expenses incurred by the Secretary in exploring, prospecting, conserving, developing, using, and operating lands owned or controlled by the United States in the naval petroleum reserves, and in producing petroleum, and the share of the United States of expenses incurred under any contract entered into pursuant to this section, shall be paid from appropriations made available for such purposes by the Congress. All sales of petroleum, gas, and other hydrocarbons from the naval reserves by the Secretary of the Navy shall be at public sale to the highest qualified bidder at such times, in such amounts, and after such advertisements as the Secretary deems proper.

In order to consolidate and protect the oil lands owned by the Government the Secretary of the Navy is authorized to contract with owners and lessees of land within or adjoining such reserves for conservation in the ground of oil and gas and for compensation for estimated drainage in lieu of drilling or operating offset wells, and to exchange Government land in naval petroleum reserve numbered 1, the right to royalty production from any of the naval petroleum reserves, and the right to any moneys due to the Government as a result of the wrongful extraction of petroleum products from lands within naval petroleum reserve numbered 1, for privately owned land or leases within naval petroleum reserve numbered 1: *Provided*, That no lease of any portion of the naval petroleum reserves, no contract to alienate the use, control, or possession thereof from the United States, no contract to sell the oil and gas products thereof, other than royalty oil and gas products, no contract for conservation or for compensation for estimated drainage, and no exchange of any land, any right to royalty production or any right to any moneys as hereinabove authorized shall become effective nor shall any condemnation proceedings be instituted until after consultation in regard to all its details with the Naval Affairs Committees of the Congress and after approval by the President: *Provided further*, That the Secretary of the Navy shall report annually to the Congress all agreements entered into under the authority herein granted.

In the event of the inability of the Secretary of the Navy to make arrangements he finds satisfactory for exchanges of land or agreements for conservation as authorized under the preceding paragraph of this section, or for contracts for joint, unit, or other cooperative plans with respect to lands or leases as authorized under the first paragraph of this section, he is hereby authorized, with the approval of the President, to acquire such privately owned lands or leases (a) within the reserves or outside thereof but on the same geologic structure, by purchase, and (b) within naval petroleum reserve numbered 1 by condemnation, and (c) outside naval petroleum reserve numbered 1 but on the same geologic structure: *Provided*, That substantial drainage exists, by condemnation. There is hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this section. Such sums shall be expended under the direction of the President, who shall submit to the Congress estimates therefor in the manner prescribed by law: *Provided*, That the Secretary of the Navy shall report annually to the Congress all purchase and condemnation proceedings entered into under the authority herein granted and shall, within thirty days after the close of each calendar quarter, report to the Naval Affairs Committees of the Congress the total production from the reserves during the preceding quarter.

Leases of lands of the United States within the naval petroleum reserves, in existence prior to July 1, 1936, excepting those leases which have become a part of an approved unit or cooperative plan and agreement, shall terminate at the expiration of their initial twenty-year periods, and the lands covered by such terminated leases may be re-leased upon such reasonable terms and conditions as the Secretary of the Navy may prescribe, with the preferential right in the former lessees to leases of the same if and when the lands are re-leased: *Provided*, That every unit or cooperative plan of development and operation entered into after July 1, 1937, other than such plans as are specifically authorized in the first paragraph of this section, and every lease entered into subsequent to July 1, 1937, with respect to lands owned by the United States within the naval petroleum reserves, shall contain a provision whereby authority limited as provided in such plan or lease is vested in the Secretary of the Navy, subject to approval by the President, to alter or modify from time to time in his discretion the rate of prospecting and development on, and the quantity and rate of production from, such lands of the United States under said plan or lease, any law to the contrary notwithstanding

Any lease outstanding on November 13, 1942, which was issued pursuant to section 181 of Title 30, or any amendment thereof, embracing lands which were added to Naval Petroleum Reserve Numbered 1 by Executive Order Numbered 9257, dated October 15, 1942 (corrected by Executive Order Numbered 9270, dated November 13, 1942), shall terminate as to any such lands at the expiration of its current term, including any extension heretofore accrued or which may accrue pursuant to section 209 of Title 30. (As amended June 17, 1944, ch. 262, § 1 (a), 58 Stat. 280, July 6, 1945, ch. 282, 59 Stat. 465.)

§ 175. Same; position and manner of display.

The flag, when carried in a procession with another flag or flags, should be either on the marching right; that is, the flag's own right, or, if there is a line of other flags, in front of the center of that line.

(a) The flag should not be displayed on a float in a parade except from a staff, or as provided in subsection (i).

(b) The flag should not be draped over the hood, top, sides, or back of a vehicle or of a railroad train or a boat. When the flag is displayed on a motorcar, the staff shall be fixed firmly to the chassis or clamped to the radiator cap.

(c) No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea, when the church pennant may be flown above the flag during church services for the personnel of the Navy.

(d) The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

(e) The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

(f) When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the right of the flag of the United States.

(g) When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

(h) When the flag of the United States is displayed from a staff projecting horizontally or at an angle from the window sill, balcony, or front of a building, the union of the flag should be placed at the peak of the staff unless the flag is at half staff. When the flag is suspended over a sidewalk from a rope extending from a house to a pole at the edge of the sidewalk, the flag should be hoisted out, union first, from the building.

(i) When the flag is displayed otherwise than by being flown from a staff, it should be displayed flat, whether indoors or out, or so suspended that its folds fall as free as though the flag were staffed.

(j) When the flag is displayed over the middle of the street, it should be suspended vertically with the union to the north in an east and west street or to the east in a north and south street.

(k) When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, if it is displayed in the chancel of a church, or on the speaker's platform in a public auditorium, the flag should occupy the position of honor and be placed at the clergyman's or speaker's right as he faces the congregation or audience. Any other flag so displayed in the chancel or on the platform should be placed at the clergyman's or speaker's left as he faces the congregation or audience. But when the flag is displayed from a staff in a church or public auditorium elsewhere than in the chancel or on the platform it shall be placed in the position of honor at the right of the congregation or audience as they face the chancel or platform. Any other flag so displayed should be placed on the left of the congregation or audience as they face the chancel or platform.

(l) The flag should form a distinctive feature of the ceremony of unveiling a statue or monument, but it should never be used as the covering for the statue or monument.

(m) The flag, when flown at half staff, should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day. By "half staff" is meant lowering the flag to one-half the distance between the top and bottom of the staff. Crepe streamers may be affixed to spear heads or flagstaffs in a parade only by order of the President of the United States.

(n) When the flag is used to cover a casket, it should be so placed that the union is at the head and over the left shoulder. The flag should not be lowered into the grave or allowed to touch the ground. (June 22, 1942, ch. 435, § 3, 56 Stat. 379, as amended Dec. 22, 1942, ch. 806, § 3, 56 Stat. 1075.)

AMENDMENTS

1942—Subsecs. (i) and (m) were amended by act Dec. 22, 1942, cited to text. Subsec. (i) was amended by adding "or so suspended that its folds fall as free as though the flag were staffed" and omitting provisions when

displayed against a wall or in a window. Subsec. (m) was amended by substituting "lowering" for "hauling" in third sentence.

§ 176. Same; respect for flag.

No disrespect should be shown to the flag of the United States of America; the flag should not be dipped to any person or thing. Regimental colors, State flags, and organization or institutional flags are to be dipped as a mark of honor.

(a) The flag should never be displayed with the union down save as a signal of dire distress.

(b) The flag should never touch anything beneath it, such as the ground, the floor, water, or merchandise.

(c) The flag should never be carried flat or horizontally, but always aloft and free.

(d) The flag should never be used as drapery of any sort whatsoever, never festooned, drawn back, nor up, in folds, but always allowed to fall free. Bunting of blue, white, and red, always arranged with the blue above, the white in the middle, and the red below, should be used for covering a speaker's desk, draping the front of a platform, and for decoration in general.

(e) The flag should never be fastened, displayed, used, or stored in such a manner as will permit it to be easily torn, soiled, or damaged in any way.

(f) The flag should never be used as a covering for a ceiling.

(g) The flag should never have placed upon it, nor on any part of it, nor attached to it any mark, insignia, letter, word, figure, design, picture, or drawing of any nature.

(h) The flag should never be used as a receptacle for receiving, holding, carrying, or delivering anything.

(i) The flag should never be used for advertising purposes in any manner whatsoever. It should not be embroidered on such articles as cushions or handkerchiefs and the like, printed or otherwise impressed on paper napkins or boxes or anything that is designed for temporary use and discard; or used as any portion of a costume or athletic uniform. Advertising signs should not be fastened to a staff or halyard from which the flag is flown.

(j) The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning. (June 22, 1942, ch. 435, § 4, 56 Stat. 379, as amended Dec. 22, 1942, ch. 806, § 4, 56 Stat. 1076.)

AMENDMENTS

1942—Par. (g) was amended by act Dec. 22, 1942, cited to text, which inserted "any" before "part"

§ 177. Same; conduct during hoisting, lowering or passing of flag.

During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention, and salute. Those present in uniform should render the military salute. When not in uniform, men should remove the headdress with the right hand holding it at the left shoulder, the hand being over the heart. Men without hats should salute in the same manner. Aliens should stand at attention. Women should salute by placing the right hand over the heart. The salute to the flag in the moving column should be rendered at the moment the flag passes. (June 22, 1942, ch. 435, § 5, as amended Dec. 22, 1942, ch. 806, § 5, 56 Stat. 1077.)

AMENDMENTS

These regulations shall be uniform for the Army, Navy, Marine Corps, Coast Guard, Coast and Geodetic Survey, and Public Health Service. Subsistence for pilots shall be paid in accordance with existing regulations, and rations for enlisted men may be commuted as now authorized by law. Midshipmen of the Naval Reserve when not furnished quarters or subsistence in kind shall be granted the same allowance for quarters and subsistence as is granted hereunder to enlisted men not furnished quarters or rations in kind.

Each enlisted man of the first, second, or third grade, in the active military, naval, or Coast Guard service of the United States having a dependent as defined in section 104 of this title, shall, under such regulations as the President may prescribe, be entitled to receive, for any period during which public quarters are not provided and available for his dependent, the monthly allowance for quarters authorized by law to be granted to each enlisted man not furnished quarters in kind: *Provided*, That such enlisted men shall continue to be entitled to this allowance although receiving the allowance provided in the first paragraph of this section if by reason of orders of competent authority his dependent is prevented from dwelling with him.

Enlisted men entitled to receive allowances for quarters or subsistence, shall continue, while their permanent stations remain unchanged, to receive such allowances while sick in hospital or absent from their permanent-duty stations in a pay status: *Provided*, That allowances for subsistence shall not accrue to such an enlisted man while he is in fact being subsisted at Government expense.

An enlistment allowance equal to $50, multiplied by the number of years served in the enlistment period from which he has last been discharged, shall be paid to every honorably discharged enlisted man of the first three grades who reenlists within a period of three months from the date of his discharge, and an enlistment allowance of $25, multiplied by the number of years served in the enlistment period from which he has last been discharged, shall be paid to every honorably discharged enlisted man of the other grades who reenlists within a period of three months from the date of his discharge: *Provided*, That the provisions of this paragraph shall not affect the provisions of section 16a of this title, section 35a of Title 14, and sections 181, 181a, 201a, 692, and 692a of Title 34: *Provided further*, That during the present war and for six months thereafter the provisions of section 16a of this title are hereby suspended: *Provided further*, That an enlistment in a branch of the regular service within three months from the date of discharge from any component of such branch, other than its Regular Establishment, after not less than one year's continuous active service in such component or components immediately preceding the date of discharge therefrom, shall be considered a reenlistment for the purpose of payment of the enlistment allowance provided by this section; and the enlistment allowance shall be computed on the basis of the number of full years' continuous active service immediately preceding the discharge from such component.

The amount of the enlistment allowance payable to persons enlisted or reenlisted in the Regular Military Establishment on or after June 1, 1945, or in the Regular Naval Establishment on or after February 1, 1945, shall be computed at the rate prescribed for enlisted men of the first three grades. In determining whether active Federal service is continuous, any interruptions, of not more than ninety days each, between periods of such service shall be disregarded.

The retired pay of any officer heretofore retired under the provisions of section 571 of Title 10, who served in any capacity as a member of the military or naval forces of the United States prior to November 12, 1918, shall be 75 per centum of his active-duty pay: *Provided*, That no back pay, allowances, or other emoluments shall be held to accrue for any period prior to June 1, 1942, as a result of the enactment of this paragraph.

In every other case in which application of this subsection alone or in conjunction with other provisions of this chapter results in a payment or payments of $22 or more the amount of such reduction or charge shall be as provided in section 206 (a) of this title. Any loan made by such veteran within ten years after the termination of the war for any of the purposes, and in compliance with the provisions, specified in this subchapter, is automatically guaranteed by the Government by this title in an amount not exceeding fifty per centum of the loan: *Provided*, That the aggregate amount guaranteed shall not exceed $2,000 in the case of non-real-

estate loans, nor $4,000 in the case of real-estate loans; or a prorated portion thereof on loans of both types or combination thereof.

(b) Loans guaranteed under this subchapter shall be payable under such terms and conditions as may be agreed upon by the parties thereto, subject to the conditions and limitations of this subchapter and the regulations issued pursuant to section 694 of this title: *Provided,* That the liability under the guaranty within the limitations of this subchapter shall decrease or increase pro rata with any decrease or increase of the amount of the unpaid portion of the obligation: *Provided further,* That loans guaranteed under this subchapter shall bear interest at a rate not exceeding 4 per centum per annum and shall be payable in full in not more than twenty-five years, or in the case of loans on farm realty in not more than forty years: *And provided further,* That (1) the maturity on a non-real-estate loan shall not exceed ten years; (2) any loan for a term in excess of five years shall be amortized in accordance with established procedure; (3) except as provided in section 694e of this title any real-estate loan, other than for repairs, alterations or improvements, shall be secured by a first lien on the realty, and a non-real-estate loan, except as to working or other capital, merchandise, good-will and other intangible assets, shall be secured by personalty to the extent legal and practicable.

(c) An honorable discharge shall be deemed a certificate of eligibility to apply for a guaranteed loan. Where the loan is automatically guaranteed, the Administrator shall provide the lender with a loan guaranty certificate or other evidence of the guaranty. He shall also endorse on the veteran's discharge, or eligibility certificate, the amount and type of guaranty used, and the amount, if any, remaining. An amount equivalent to 4 per centum on the amount originally guaranteed shall be paid to the lender by the Administrator out of available appropriations, to be credited upon the loan. Nothing in this subchapter shall be deemed to preclude the assignment of any guaranteed loan nor the assignment of the security therefor.

(d) Loans guaranteed under this subchapter may be made by any Federal land bank, national bank, State bank, private bank, building and loan association, insurance company, credit union, or mortgage and loan company, that is subject to examination and supervision by an agency of the United States or of any State or Territory, including the District of Columbia. (b) Notwithstanding the provisions of section 696 of this title, a claimant shall also be disqualified from receiving an allowance for any week with respect to which it is found that his unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed: *Provided*, That this subsection shall not apply if it is shown that—

(1) he is not participating in or directly interested in the labor dispute which causes the stoppage of work; and

(2) he does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage there were members employed at the premises at which the stoppage occurs, any of whom are participating in or directly interested in the dispute: *Provided, however*, That if in any case separate branches of work, which are commonly conducted as separate business in separate premises, are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises

(c) (1) If a claimant is disqualified under the provisions of subsection (a) of this section, he shall be disqualified to receive any readjustment allowance for the week in which the cause of his disqualification occurred and for not more than four immediately following weeks.

(2) In addition to the disqualification prescribed in paragraph (1) above, the Administrator may, in cases of successive disqualifications under the provisions of subsection (a) of this section, extend the period of disqualification for such additional period as the Administrator may prescribe, but not to exceed eight additional weeks in the case of any one disqualification.

(d) (1) In determining under subsection (a) of this section the suitability of work or the existence of good cause with respect to a claimant, the conditions and standards prescribed by the unemployment compensation laws of the State in which he files his claim shall govern: *Provided*, That the Administrator may prescribe conditions and standards for applicants in any State having no applicable statute

(2) In determining under subsection (a) of this section the suitability of work, no work shall be deemed suitable for an individual if—

(B) the wages, hours, or other conditions of the work offered are substantially less favorable to him than those prevailing for similar work in the locality. (June 22, 1944, ch. 268, title V, § 800, 58 Stat. 296.)

§ 696b. Amount and payments.

(b) The number of weeks of allowances to which each eligible veteran shall be entitled shall be determined as follows: For each calendar month or major fraction thereof of active service during the period stated in section 696 of this title the veteran shall be entitled to four weeks of allowances, but in no event to exceed the maximum provided in section 696 of this title: *Provided*, That the al-

(b) Any allowances remaining unpaid upon the death of a claimant shall not be considered a part of the assets of the estate of the claimant, or liable for the payment of his debts, or subject to any administration of his estate, and the Administrator may make payment thereof to such person or persons he finds most equitably entitled thereto. (June 22, 1944, ch. 268, title V, § 901, 58 Stat 297)

§ 696d. Eligibility of self-employed persons; conditions; amount and time of payments.

(a) Any person qualified under subsection (a) of section 696 of this title, and residing in the United States who is self-employed for profit in an independent establishment, trade, business, profession, or other vocation shall be eligible for readjustment allowances under this subchapter within the time periods applicable, and not in excess of the total amount provided in this subchapter.

(b) Upon application by the veteran showing, in accordance with rules prescribed by the Administrator, that he has been fully engaged in such self-employment and that his net earnings in a trade, business, profession, or vocation, have been less than $100 in the previous calendar month, the veteran shall be entitled to receive, subject to the limitations of this subchapter as to time and amount, the difference (adjusted to the next highest multiple of $1), between $100 and his net earnings for such month.

(c) Payment of such allowance shall be made by the Administrator to each eligible veteran at the time and in the manner other payments are made directly to veterans by the Administrator.

(d) Subsection (b) of section 696 of this title and section 696a of this title shall not apply in determining the eligibility for allowances of a claimant under this section. (June 22, 1944, ch. 268, title V, § 902, 58 Stat. 297)

§ 696e. Adjustment of duplicate benefits.

(June 22, 1944, ch. 268, title V, § 1000, 58 Stat. 298.)

The Administrator of Veterans' Affairs is authorized to administer this subchapter and shall, insofar as possible, utilize existing facilities and services of Federal and State departments or agencies on the basis of mutual agreements with such departments or agencies. Such agreements shall provide for the filing of claims for readjustment allowances with the Administrator through established public employment offices and State unemployment-compensation agencies. Such agencies, through agreement, shall also be utilized in the processing, adjustment, and determination of such claims and the payment of such allowances. To facilitate the carrying out of agreements with State departments or agencies and to assist in the discharge of the Administrator's duties under this subchapter, a representative of the Administrator, who shall be a war veteran separated from active service under honorable conditions and who at the time of appointment shall have been a bona fide resident of the State for at least two years, shall be located in each participating State department or agency.

The Administrator, consistent with the provisions of this subchapter, shall prescribe such rules and regulations and require such records and reports as he may find necessary to carry out its purposes: *Provided, however*, That cooperative rules and regulations relating to the performance by Federal or State departments, or agencies, of functions under agreements made therewith may be made by the Administrator after consultation and advisement with representatives of such departments or agencies.

(c) Delegation of powers and duties.

The Administrator may delegate to any officer or employee of his own or of any cooperating department or agency of any State such of his powers and duties, except that of prescribing rules and regulations, as the Administrator may consider necessary and proper to carry out the purposes of this subchapter.

(d) Reimbursement to State agencies.

Allowances paid by the cooperating State agencies shall be repaid upon certification by the Administrator. The Secretary of the Treasury, through the Division of Disbursement of the Treasury, and without the necessity of audit and settlement by the General Accounting Office, shall pay monthly to the departments, agencies, or individuals designated, the amounts so certified.

(e) Advance estimate of administrative expenses.

The Administrator shall from time to time certify to the Secretary of the Treasury for payment in advance or otherwise such sums as he estimates to be necessary to compensate any Federal department or agency for its administrative expenses under this subchapter. Such sums shall cover periods of no longer than six months.

(f) Certification to Social Security Board.

The Administrator shall also from time to time certify to the Social Security Board such State departments or agencies as may be participating in the administration of this subchapter, and the amount of the administrative expense incurred or to be incurred by a State under agreements made pursuant to this section. Upon such certification the Social Security Board shall certify such amount to the Secretary of the Treasury, in addition to the amount, if any, payable by said Board under the provisions of section 502 (a) of Title 42, and the additional amount so certified shall be paid to each State by the Secretary of the Treasury out of the appropriation for the Veterans' Administration.

(g) Disposition of moneys.

Any money paid to any cooperating agency or person, which is not used for the purpose for which it was paid shall, upon termination of the period covered by such payment or the agreement with such agency or person, be returned to the Treasury and credited to the current appropriation for carrying out the purpose of this subchapter, or, if returned after the expiration of period covered by this subchapter, shall be covered into the Treasury as miscellaneous receipts. (June 22, 1944, ch. 268, title V, § 1100, 58 Stat. 298.)

The representative of the Administrator located in each State shall be the final appellate authority in regard to contested claims arising in such State, subject to review by the Administrator. (June 22, 1944, ch. 268, title V, § 1102, 58 Stat. 299.)

Any additional insurance granted by virtue of this proviso shall be payable in the manner provided by this section.

(3) (A) Any person in the active service who on or after October 8, 1940, and prior to April 20, 1942, becomes totally disabled as a result of injury or disease incurred in line of duty and such disability continues without interruption for a period of six months or until death intervening prior to the end of such six months' period without having in force at time of incurrence of such disability at least $5,000 insurance issued under sections 287, 357, 502, and 575 of this title, or sections 421–426, 428–434, 439–456, 471–501, 511–518, 531–537, 551–555, 571–574 of this title or this chapter, shall be deemed to have applied for and to have been granted, effective as of the commencement of such total disability, national service life insurance in an amount which together with any such insurance then in force shall aggregate $5,000 and such gratuitous insurance shall continue in force without payment of premiums until six months after the insured ceases to be totally disabled or until one year after September 30, 1944, whichever is the earlier date: *Provided,* That such protection shall cease and terminate unless within such period such disabled person shall make application in writing for continuance of all or any part of such insurance and shall submit evidence satisfactory to the Administrator of entitlement to waiver of premiums under subsection (n) of this section or tender the premiums thereafter becoming due: *Provided further,* That waiver of premiums under subsection (n) of this section shall not be denied under this subsection on the ground that total disability commenced prior to the effective date of such insurance: *And provided further,* That anyone who applied for and was issued insurance after becoming totally disabled, and but for such application would be entitled to insurance hereunder, shall have the right, upon application within the time and in the manner as above limited, to elect to surrender insurance applied for and to be issued insurance hereunder, or if such insurance shall have lapsed without election, such person shall be considered subject in all respects to the provisions of this subsection, as hereby amended, but policies issued hereunder shall be effective from date of surrender or lapse of policy previously issued.

(B) Any person in the active service who on or after December 7, 1941, and prior to April 20, 1942, has been or shall be captured, besieged, or otherwise isolated by the forces of an enemy of the United States for a period of at least thirty consecutive days and extending beyond April 19, 1942, and at the time of such capture, siege, or isolation by the enemy did not have in force insurance in the aggregate amount of at least $5,000 under sections 287, 357, 502, and 575 of this title, chapter 10 of this title, or this chapter, shall be deemed to have applied for and to have been granted, effective as of the date of such capture, siege, or isolation, National Service Life Insurance in an amount which together with any such insurance then in force shall aggregate $5,000 of insurance, and such insurance shall remain in force and premiums on such insurance shall be waived during the period while such person remains so captured, besieged, or isolated, and for six months thereafter: *Provided,* That such protection shall cease and terminate at the end of such period of six months unless within such period such person shall make application in writing for the continuance of all or any part of such insurance and shall submit

evidence satisfactory to the Administrator of entitlement to waiver of premiums under subsection (n) of this section, or tender the premiums thereafter becoming due.

(4) The benefits and privileges extended by this section are hereby so extended by the Congress because many of the personnel of our armed forces (1) were unable to comply with the prerequisites necessary to the granting of insurance by reason of extended duty in the North Atlantic, Hawaii, the Philippines, and other outlying bases; (2) had failed or neglected to apply for such insurance in the expectation that their service would be peacetime service only; and (3) by reason of the suddenness with which war was thrust upon us, had not sufficient time to apply for such insurance prior to engaging in combat. The Congress hereby declares that no further relief of such character will be granted.

(5) If any person deemed to have been issued insurance under subsection (d) (3) (A) or (B) of this section die without filing application and within the time limited therefor, death insurance benefits shall be payable in the manner and to the persons as stated in subsection (d) (2) of this section: *Provided*, That no application for insurance payments under subsections (d) (2) or (d) (3) of this section as hereby amended, shall be valid unless filed in the Veterans' Administration within five years after the date of death of the insured and the relationship and dependency of the applicant, where required as a basis for such claim, shall be proved as of date of death of insured by evidence satisfactory to the Administrator: *And provided further*, That persons shown by evidence satisfactory to the Administrator to have been mentally or legally incompetent at the time the right to apply for continuation of insurance or for death benefits expires, may make such application at any time within one year after the removal of such disability.

(6) Policies issued hereunder upon application as provided in subsection (3) (A) or (B) shall be issued upon the same terms and conditions as are contained in the standard policies of National Service Life Insurance.

* * * * *

(g) Beneficiaries.

The insurance shall be payable only to a widow, widower, child (including a stepchild or an illegitimate child if designated as beneficiary by the insured), parent, brother or sister of the insured. (h) Manner of payment of benefits.

Such insurance shall be payable in the following manner:

(1) If the beneficiary to whom payment is first made is under thirty years of age at the time of maturity, in two hundred and forty equal monthly installments: *Provided*, That the Administrator, under regulations to be promulgated by him, may include a provision in the insurance contract authorizing the insured or the beneficiary to elect in lieu of this mode of payment, a refund life income in monthly installments payable for such period certain as may be required in order that the sum of the installments certain, including a last installment of such reduced amount as may be necessary, shall equal the face value of the contract, less any indebtedness, with such payments continuing throughout the lifetime of such beneficiary: *Provided further*, That such optional settlement shall not be available in any case in which payments of insurance installments have been commenced prior to September 30, 1944.

(2) If the beneficiary to whom payment is first made is thirty or more years of age at the time of maturity, in equal monthly installments for one hundred and twenty months certain, with such payments continuing during the remaining lifetime of such beneficiary: *Provided*, That the Administrator, under regulations to be promulgated by him, may include a provision in the insurance contract authorizing the insured or the beneficiary to elect, in lieu of this mode of payment, a refund life income in monthly installments payable for such period certain as may be required in order that the sum of the installments certain, including a last installment of such reduced amount as may be necessary, shall equal the face value of the contract less any indebtedness with such payments continuing throughout the lifetime of such beneficiary: *Provided further*, That such optional settlement shall not be available in any case in which such settlement would result in payments of installments over a shorter period than one hundred and twenty months, nor in any case in which payments of insurance installments have been commenced prior to September 30, 1944.

3. * * *

(C) if no widow, widower, or child, to the parent or parents of the insured who last bore that relationship, if living, in equal shares;

* * * * *

(j) Payment of benefits to heirs, etc., of insured or beneficiary; death of all permitted beneficiaries.

No installments of such insurance shall be paid to the heirs or legal representatives as such of the insured or of any beneficiary, and in the event that no person within the permitted class survives to receive the insurance or any part thereof no payment of the unpaid installments shall be made, except that if the reserve of a contract of converted national service life insurance, together with dividends accumulated thereon, less any indebtedness under such contract, exceeds the aggregate amount paid to beneficiaries, the excess shall be paid to the estate of the insured unless the estate of the insured would escheat under the laws of his place of residence, in which event no payment shall be made.

* * * * *

(m) Time and method of payment of premiums.

The Administrator shall, by regulations, prescribe the time and method of payment of the premiums on such insurance, but payments of premiums in advance shall not be required for periods of more than one month each, and may at the election of the insured be deducted from his active service pay or be otherwise made: *Provided,* That an amount equal to the first premium due under a national service life-insurance policy may be advanced from current appropriations for active service pay to any person in the active service in the Army, Navy, Marine Corps, or Coast Guard, which amount shall constitute a lien upon any service or other pay accruing to the person for whom such advance was made and shall be collected therefrom if not otherwise paid: *Provided further,* That no disbursing or certifying officer shall be responsible for any loss incurred by reason of the advance herein authorized: *And provided further,* That any amount so advanced in excess of available service or other pay shall constitute a lien on the policy within the provisions of section 454a of this title.

(n) Waiver of premiums during continuous total disability; effect on rates and benefits.

Upon application by the insured and under such regulations as the Administrator may promulgate, payment of premiums on such insurance may be waived during the continuous total disability of the insured, which continues or has continued for six or more consecutive months, if such disability commenced (1) subsequent to the date of his application for insurance; (2) while the insurance was in force under premium-paying conditions, and (3) prior to the insured's sixtieth birthday: *Provided,* That the Administrator shall not grant waiver of any premium becoming due more than one year prior to the receipt in the Veterans' Administration of application for the same, except as hereinafter provided, and any premiums paid for months during which such waiver is effective shall be refunded. The Administrator shall provide by regulations for examination or reexamination of an insured claiming benefits under this subsection, and may deny benefits for failure to cooperate. In the event that it is found that an insured is no longer totally disabled, the waiver of premiums shall cease as of the date of such finding and the policy of insurance may be continued by payment of premiums as provided in said policy: *Provided further,* That in any case in which the Administrator finds that the insured's failure to make timely application for waiver of premiums or his failure to submit satisfactory evidence of the existence or continuance of total disability was due to circumstances beyond his control, the Administrator may grant waiver or continuance of waiver of premiums: *And provided further,* That in the event of death of the insured without filing application for waiver, the beneficiary, within one year after the death of the insured or September 30, 1944, whichever be the later, or, if the beneficiary be insane or a minor, within one year after removal of such legal disability, may file application for waiver with evidence of the insured's right to waiver under the conditions of this section. * * * * *

(s) Failure to pay premiums as affecting benefits.

Payment of insurance benefits shall not be denied in any case in which the applicant for insurance died prior to July 1, 1942, and the Administrator of Veterans' Affairs finds that the failure to pay premiums or to effect deductions thereof as provided in subsection (m), could in any way be attributed to the inadequacy of the Service Department's procedure for authorizing deductions of premiums from active service pay prior to that date, or to want of proper instructions as to the requirements of such procedure: *Provided,* That premiums due on such insurance shall be deducted from the proceeds of the insurance unless otherwise adjusted. (As amended Dec. 20, 1941, ch. 602, § 10, 55 Stat. 846; Feb. 11, 1942, ch. 69, 56 Stat. 88; July 11, 1942, ch. 504, §§ 1–3, 5, 8, 9, 56 Stat. 657–659; Oct. 17, 1942, ch. 614, 56 Stat. 796; Apr. 12, 1943, ch. 56, 57 Stat. 64; Sept. 30, 1944, ch. 454, §§ 1–7, 58 Stat. 762; Sept. 30, 1944, ch. 455, § 2, 58 Stat. 764.)

§ 2.1 Purpose and scope.

(a) The regulations in this part are promulgated to aid in the enforcement of the Copeland Act (48 Stat. 948), 40 U. S. C. §§ 276b, 276c, and to effectuate the purpose of the Davis-Bacon Act (49 Stat. 1011, as amended), 40 U. S. C. §§ 276a to 276a–5 and certain other statutes concerning rates of pay for labor;

(b) The regulations in this part shall be applicable within the geographical limits of the States of the Union, the District of Columbia, the Territory of Alaska, and the Territory of Hawaii. (As added Feb. 3, 1942, 7 F R 687.)

§ 2.2 Definitions.

As used in the regulations in this part:

(a) The terms "building" or "work" generally include construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, railways, ships, vessels, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals; dredging, shoring, scaffolding, drilling, blasting, excavating, clearing, and landscaping. Unless conducted in connection with and at the site of such a building or work as is described in the foregoing sentence, the manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not a "building" or "work" within the meaning of the regulations in this part.

(b) The terms "construction", "prosecution", "completion", or "repair" mean all types of work done on a particular building or work at the site thereof, including, without limitation, altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work, by persons employed at the site by the contractor or subcontractor

(c) The terms "public building" or "public work" include building or work for whose construction, prosecution, completion, or repair, as defined above, a Federal agency is a contracting party, regardless of whether title thereof is in a Federal agency.

(d) The term "building or work financed in whole or in part by loans or grants from the United States" includes building or work for whose construction, prosecution, completion, or repair, as defined above, payment or part payment is made from funds of any Federal agency and for which a Federal or State agency is a contracting party or for which minimum wages are predetermined by Federal, State or local agencies.

(e) Every person paid by a contractor or subcontractor in any manner for his labor in the construction, prosecution, completion, or repair of a public building or public work or building or work financed whole or in part by loans or grants from the United States, is "employed" and receiving "wages," regardless of any contractual relationship alleged to exist between him and the real employer.

(f) The term "any affiliated person" includes a spouse, child, parent, or other close relative of the contractor or subcontractor; a partner or officer of the contractor or subcontractor; a corporation closely connected with the contractor or subcontractor as parent, subsidiary, or otherwise, and an officer or agent of such corporation.

(g) The term "Federal agency" means the United States, the District of Columbia, and all executive departments, independent establishments, administrative agencies, and instrumentalities of the United States and of the District of Columbia, including corporations, all or substantially all of the stock of which is beneficially owned by the United States, by the District of Columbia, or any of the foregoing departments, establishments, agencies, and instrumentalities. (As added Feb. 3, 1942, 7 F. R 687; amended Feb. 11, 1942, 7 F. R. 925; Apr. 4, 1942, 7 F. R. 2591; May 6, 1942, 7 F. R. 3358.)

AMENDMENTS

1942—Regulation of the Secretary of Labor, Feb. 11, 1942, 7 F. R. 925, amended paragraph (e) of this section by inserting after "public work" the words "or building or work financed in whole or in part by loans or grants from the United States"

Regulation of the Secretary of Labor, Apr 4, 1942, 7 F. R 2591, amended paragraph (d) of this section by adding at the end "or for which minimum wages are predetermined by Federal, State or local agencies"

Regulation of the Secretary of Labor, May 6, 1942, 7 F. R 3358, amended paragraph (b) of this section by striking out "except as herein provided" after "without limitation"; and by striking out the last sentence which, as originally promulgated, read: "By way of limitation, the terms herein defined shall not include the installation of machinery, machine tools, or other apparatus, when such installation does not involve a substantial amount of construction, alteration, or remodeling of the building or work, nor shall they include the retooling or fabrication of machinery in the regular plants of concerns not ordinarily engaged in construction activities."

§ 2.3 Weekly affidavit with respect to payment of wages.

(a) As used in this section, the term "employee" shall not apply to persons in classifications higher than that of laborer or mechanic and those who are the immediate supervisors of such employees.

(b) Each contractor or subcontractor engaged in the construction, prosecution, completion, or repair of any public building or public work, or building or work financed in whole or in part by loans or grants from a Federal agency, shall furnish each week a sworn affidavit with respect to the wages paid each of its employees engaged on work covered by these regulations during the preceding weekly pay roll period. The affidavit shall be executed and sworn to by the contractor or subcontractor or by an authorized officer or employee of the contractor or subcontractor who supervises the payment of wages, and shall be in the following form:

(Paragraph describing deductions, if any)

_____

(Signature and title)

Sworn to before me this _____ day of _____, 194___.

(c) Upon a written finding by the head of a Federal agency, the Secretary of Labor may provide reasonable limitations, variations, tolerances, and exemptions from the requirements of this section subject to such conditions as the Secretary of Labor may specify. (As added Feb. 3, 1942, 7 F R 687.)

§ 2.4 Submission of weekly affidavits and subcontract summaries.

(a) Each weekly affidavit shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the pay roll period, to a representative of a Federal or State agency in charge at the site of the building or work, or, if there is no representative of a Federal or State agency at the site of the building or work, the affidavit shall be mailed by the contractor or subcontractor, within such time, to a Federal or State agency contracting for or financing the building or work. After such examination and check as may be made, such affidavit, or a copy thereof, together with a report of any violation, shall be transmitted to the United States Department of Labor at Washington, D. C., unless otherwise arranged with the Department of Labor.

(b) Each contractor or subcontractor shall, within seven days after the making of any subcontract with another person concerning the construction, prosecution, completion, or repair of any public building or public work or work or building financed in whole or in part by loans or grants from the United States, deliver to the local or national Government representative in charge at the site of the building or work, or, if there is no Government representative, shall mail within such time to the Federal agency contracting for or financing the building or work, an affidavit setting forth the name and address of his subcontractor and a summary description of the precise work subcontracted. (As added Feb. 3, 1942, 7 F R. 687.)

§ 2.5 Pay roll deductions.

(a) Deductions for the following purposes are permissible:

(1) Where required by Federal, State, or local statutes or ordinances to be made by the employer from the wages earned by the employee;

(2) Bona fide prepayment of wages without discount or interest;

(3) Deductions required by court process provided that the contractor or subcontractor will not be permitted to make such a deduction in favor of the contractor, subcontractor, or any affiliated person or where collusion or collaboration exists.

(b) Any deduction is also permissible which in fact meets the following standards and with respect to which the contractor or subcontractor shall have made written application by registered mail to the Secretary of Labor, a copy of which application shall be sent to the contracting agency by the contractor or subcontractor, setting forth all the pertinent facts indicating that such deductions will meet the following standards:

(1) That such deduction is not prohibited by other law; and

(2) That such deduction is (i) voluntarily consented to by the employee in writing and in advance of the period in which the work was done, and that consent to the deduction is not a condition either for the obtaining of or for the continuance of employment; or (ii) that such deduction is for the benefit of the employees or their labor organization through which they are represented and is provided for in a bona fide collective bargaining agreement; and

(3) That from such deduction no payment is made to, nor profit or benefit is obtained directly or indirectly by the contractor or subcontractor or any affiliated person, and that no portion of the funds, whether in the form of a commission or otherwise, will be returned to the contractor or subcontractor or to any affiliated person; and

(4) That the convenience and interest of the employees are served thereby, and that such or similar deductions have been customary in this or comparable situations.

(c) After application in good faith, the deduction may be made in accordance with the foregoing standards: *Provided, however,* That if the Secretary of Labor, on his own motion, or on the application of any person or agency affected by the granting of the application, shall conclude at any time, after written notice to the applicant and an opportunity for him to present his views in support of the deduction, that the deduction has not met the foregoing standards, such deduction shall cease to be "permissible" seven days after the applicant and the Federal agency concerned have been notified of the Secretary's decision.

(d) Upon application to and prior written permission from the Secretary of Labor, and subject to the standards set forth in paragraph (b) (1), (2) and (4) hereof, deductions may be made by a contractor or subcontractor or any affiliated person, for membership fees in group benefit or retirement associations; for board and lodging; or for other purposes where the Secretary of Labor concludes the deduction is required by compelling circumstances: *Provided, however,* the contractor, subcontractor, or any affiliated person does not make a profit or benefit directly or indirectly from the deduction. A copy of the Secretary's decision shall be sent to the applicant and the Federal agency concerned.

(e) In accordance with and subject to the standards set forth in subparagraphs (1) through (4) of paragraph (b) of this section, general permission is hereby granted to make pay roll deductions for:

(1) The payment of the purchase price of United States Defense Stamps and Bonds and United States Tax Savings Notes;

(2) The repayment of loans to or the purchase of shares in credit unions organized and operated in accordance with District of Columbia, Federal, or State credit union statutes.

(3) Contributions to a federal governmental or quasi-governmental agency.

(f) In any case in which the employee does not have full and actual freedom of disposition of his wage payment, whether made in cash or by check, any restricted payment made to the employee is considered a deduction under the regulations in this part.

(g) Nothing herein shall be construed to permit any deduction which the contractor or subcontractor knew, or in the exercise of good faith should have known, did not meet the foregoing standards. In order to insure compliance with this section, the Secretary of Labor may notify the contractor or subcontractor that the deduction will be permitted only if certain conditions with respect thereto are observed. The contractor or subcontractor or any affiliated person shall also comply with such general rules and regulations concerning the deductions as the Secretary of Labor shall make from time to time, notice of which shall have been given to the contractor or subcontractor or any affiliated person making the deduction and to the Federal agency concerned either directly or through publication in the FEDERAL REGISTER. (As added Feb. 3, 1942, 7 F. R. 688.)

§ 2.6 Regulations part of contract.

All contracts made with respect to the construction, prosecution, completion, or repair of any public building or public work or building or work financed in whole or in part by loans or grants from the United States covered by the regulations in this part shall expressly bind the contractor or subcontractor to comply with such of the regulations in this part as may be applicable. (As added Feb. 3, 1942, 7 F. R. 688; amended Feb. 11, 1942, 7 F. R. 925; Apr. 4, 1942, 7 F. R. 2591.)

§ 2.8 Existing regulations superseded: Effective date.

The regulations in this part shall supersede all existing regulations issued under the Copeland Act, 40 U.S.C. §§ 276b, 276c, on April 30, 1942, and thereafter shall govern all new contracts and all uncompleted portions of contracts and subcontracts which were awarded subsequent to June 13, 1934: *Provided, however,* That parties to such contracts or subcontracts may comply with the regulations in this part before April 30, 1942. § 105. Contract Settlement Advisory Board; composition; duties.

There is hereby created a Contract Settlement Advisory Board, with which the Director shall advise and consult. The Board, shall be composed of the Director, who shall act as its Chairman, and of the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the Chairman of the Maritime Commission, the Administrator of the Foreign Economic Administration, the chairman of the board of directors of the Reconstruction Finance Corporation, the Chairman of the War Production Board, the chairman of the board of directors of the Smaller War Plants Corporation, and the Attorney General or any alternate or representative designated by any of them. The Director shall request other Government agencies to participate in the deliberations of the Board whenever matters specially affecting them are under consideration. (July 1, 1944, ch. 358, § 5, 58 Stat. 651.)

§ 106. Basis for settlement of termination claims—(a) Priority to private contractors.

It is the policy of the Government, and it shall be the responsibility of the contracting agencies and the Director, to provide war contractors with speedy and fair compensation for the termination of any war contract, in accordance with and subject to the provisions of this chapter, giving priority to contractors whose facilities are privately owned or privately operated. Such fair compensation for the termination of subcontracts shall be based on the same principles as compensation for the termination of prime contracts.

(b) Establishment of methods and standards.

Each contracting agency shall establish methods and standards, suitable to the conditions of various war contractors, for determining fair compensation for the termination of war contracts on the basis of actual, standard, average, or estimated costs, or of a percentage of the contract price based on the estimated percentage of completion of work under the terminated contract, or on any other equitable basis, as it deems appropriate. To the extent that such methods and standards require accounting, they shall be adapted, so far as practicable, to the accounting systems used by war contractors, if consistent with recognized commercial accounting practice.

(c) Conclusiveness of settlement.

Any contracting agency may settle all or any part of any termination claim under any war contract by agreement with the war contractor, or by determination of the amount due on the claim or part thereof without such agreement, or by any combination of these methods. Where any such settlement is made by agreement, the settlement shall be final and conclusive, except (1) to the extent otherwise agreed in the settlement; (2) for fraud; (3) upon renegotiation to eliminate excessive profits under section 1191 of Appendix to Title 50, unless exempt or exempted under such section; or (4) by mutual agreement before or after payment. Where any such settlement is made by determination without agreement, it shall likewise be final and conclusive, subject to the same exceptions as if made by agreement, unless the war contractor appeals or brings suit in accordance with section 113 of this title: *Provided*, That no settlement agreement hereunder involving payment to a war contractor of an amount in excess of $50,000 (or such lesser amount as the Director may from time to time determine) shall become binding upon the Government until the agreement has been reviewed and approved by a settlement review board of three or more members established by the contracting agency in the bureau, division, regional or district office, or other unit of the contracting agency authorized to make such settlement, or in the event of disapproval by the settlement review board, unless approved by the head of such bureau, division, regional or district office, or other unit. Failure of the settlement review board to act upon any settlement within thirty days after its submission to the board shall operate as approval by the board. The sole function of settlement review boards shall be to determine the over-all reasonableness of proposed settlement agreements from the point of view of protecting the interests of the Government. In determining, for purposes of this subsection, whether review of any settlement agreement is required because of the amounts involved, no deduction shall be made on account of credits for property chargeable to the Government or for advance or partial payments, but amounts payable under such settlement agreement for completed articles or work at the contract price and for the discharge of the termination claims of subcontractors shall be deducted.

(d) Allowable costs.

Except as hereinafter provided, the methods and standards established under subsection (b) of this section for determining fair compensation for termination claims which are not settled by agreement shall be designed to compensate the war contractor fairly for the termination of the war contract, taking into account—

(1) the direct and indirect manufacturing, selling and distribution, administrative and other costs and expenses incurred by the war contractor which are reasonably necessary for the performance of the war contract and properly allocable to the terminated portion thereof under recognized commercial accounting practices; and

(2) reasonable costs and expenses of settling termination claims of subcontractors related to the terminated portion of the war contract; and

(3) reasonable accounting, legal, clerical, and other costs and expenses incident to termination and settlement of the terminated war contract; and

(4) reasonable costs and expenses of removing, preserving, storing and disposing of termination inventories; and

(5) such allowance for profit on the preparations made and work done for the terminated portion of the war contract as is reasonable under the circumstances; and

(6) interest on the termination claim in accordance with subsection (f) of this section; and

(7) the contract price and all amounts otherwise paid or payable under the contract.

The following shall not be included as elements of cost:

(i) Losses on other contracts, or from sales or exchanges of capital assets, fees and other expenses in connection with reorganization or recapitalization, antitrust or Federal income-tax litigation, or prosecution of Federal income-tax claims or other claims against the Government (except as provided in paragraph (3) above); losses on investments; provisions for contingencies; and premiums on life insurance where the contractor is the beneficiary.

(ii) The expense of conversion of the contractor's facilities to uses other than the performance of the contract.

(iii) Expenses due to the negligence or willful failure of the contractor to discontinue with reasonable promptness the incurring of expenses after the effective date of the termination notice.

(iv) Costs incurred in respect to facilities, materials, or services purchased or work done in excess of the reasonable quantitative requirements of the entire contract.

The failure specifically to mention in this subsection any item of cost is not intended to imply that it should be allowed or disallowed. The Director may interpret the provisions of this subsection (d) and may provide for the inclusion or exclusion of other costs in accordance with recognized commercial accounting practice.

Where the small size of claims or the nature of production or performance or other factors make it impracticable to apply the principles stated in this subsection (d) to any class of settlements which are subject to this subsection (d), the contracting agencies may establish alternative methods and standards for determining fair compensation for that class of termination claims. The aggregate amount of compensation allowed in accordance with this subsection (excluding amounts allowed under paragraphs (3) and (4) above) shall not exceed the total contract price reduced by the amount of payments otherwise made or to be made under the contract.

(e) Settlement by agreement.

In order to carry out the objectives of this chapter, termination claims shall be settled by agreement to the maximum extent feasible and the methods and standards established under subsection (b) of this section shall be designed to facilitate such settlements. To the extent that he deems it practicable to do so without impeding expeditious settlements, the Director shall require the contracting agencies to take into account the factors enumerated in subsection (d) above in establishing methods and standards for determining fair compensation in the settlement of termination claims by agreement.

(f) Interest.

Each contracting agency shall allow and pay interest on the amount due and unpaid from time to time on any termination claim under a prime contract at the rate of 2½ per centum per annum for the period beginning thirty days after the date fixed for termination and ending with the date of final payment, except that (1) if the prime contractor unreasonably delays the settlement of his claim, interest shall not accrue for the period of such delay, (2) if interest for the period after termination on any advance payment or loan, made or guaranteed by the Government, has been waived for the benefit of the contractor, the amount of the interest so waived allocable to the terminated contract or the terminated part of the contract shall be deducted from the interest otherwise payable hereunder, and (3) if after delivery of findings by a contracting agency, the contractor appeals or sues as provided in section 113 of this title, interest shall not accrue after the thirtieth day following the delivery of the findings on any amount allowed by such findings, unless such amount is increased upon such appeal or suit. In approving, ratifying, authorizing, or making termination settlements with subcontractors, each contracting agency shall allow interest on the termination claim of the subcontractor on the same basis and subject to the same conditions as are applicable to a prime contractor.

(g) Amendment of contracts.

Where any war contract does not provide for or provides against such fair compensation for its termination, the contracting agency, either before or after its termination, shall amend such war contract by agreement with the war contractor, or shall authorize, approve, or ratify an amendment of such war contract by the parties thereto, to provide for such fair compensation. (July 1, 1944, ch. 358, § 6, 58 Stat. 652.)

§ 107. Settlement of subcontractors' claims—(a) Conclusiveness of settlement.

Where, in connection with the settlement of any termination claim by a contracting agency, any war contractor makes settlements of the termination claims of his subcontractors, the contracting agency

shall limit or omit its review of such settlements with subcontractors to the maximum extent compatible with the public interest. Any contracting agency (1) may approve, ratify, or authorize such settlements with subcontractors upon such evidence, terms, and conditions as it deems proper; (2) shall vary the scope and intensity of its review of such settlements according to the reliability of the war contractor, the size, number, and complexity of such claims, and other relevant factors; and (3) shall authorize war contractors to make such settlements with subcontractors without review by the contracting agency, whenever the reliability of the war contractor, the amount or nature of the claims, or other reasons appear to the contracting agency to justify such action Any such settlement of a subcontract approved, ratified, or authorized by a contracting agency shall be final and conclusive as to the amount due to the same extent as a settlement under subsection (c) of section 106 of this title, and no war contractor shall be liable to the United States on account of any amounts paid thereon except for his own fraud.

(b) Supervision of payments to war contractors.

Whenever any contracting agency is satisfied of the inability of a war contractor to meet his obligations it shall exercise supervision or control over payments to the war contractor on account of termination claims of subcontractors of such war contractor to such extent and in such manner as it deems necessary or desirable for the purpose of assuring the receipt of the benefit of such payments by the subcontractors.

(c) Group settlements.

The Director shall prescribe policies and methods for the settlement as a group, or otherwise, by any contracting agency of some or all of the termination claims of a war contractor under war contracts with one or more (1) bureaus or divisions within a contracting agency, (2) contracting agencies, or (3) prime contractors and subcontractors, to the extent he deems such action necessary or desirable for expeditious and equitable settlement of such claims. After consulting with the contracting agencies concerned, the Director may provide for assigning any war contractor to a contracting agency for such settlement, and such agency shall have authority to settle, on behalf of any other contracting agency, some or all of the termination claims of such war contractor.

(d) Direct settlement by contracting agency.

Any contracting agency may settle directly termination claims of subcontractors to the extent that it deems such action necessary or desirable for the expeditious and equitable settlement of such claims. In making such termination settlements any contracting agency may discharge the claim of the subcontractor by payment or may purchase such claim, and may agree to assume, or indemnify the subcontractor against, any claims by any person in connection with such claim or the termination settlement. Any contracting agency undertaking to settle the termination claim of any subcontractor shall deliver to the subcontractor and the war contractor liable to him written notice stating its acceptance of responsibility for settling his claim and the conditions applicable thereto, which may include the release, or assignment to the contracting agency, of his claim against the war contractor liable to him; upon consent thereto by the subcontractor, the Government shall become liable for the settlement of his claims upon the conditions specified in the notice.

(e) Amount of settlement.

Any contracting agency may make settlements with subcontractors in accordance with any of the provisions of this chapter without regard to any limitation on the amount payable by the Government to the prime contractor.

(f) Equitable payments.

If any contracting agency determines that in the circumstances of a particular case equity and good conscience require fair compensation for the termination of a war contract to be paid to a subcontractor who has been deprived of and cannot otherwise reasonably secure such fair compensation, the contracting agency concerned may pay such compensation to him although such compensation already has been included and paid as part of a settlement with another war contractor. (July 1, 1944, ch. 358, § 7, 58 Stat. 654.)

§ 108. Interim financing—(a) Prime contractors.

It is the policy of the Government, and it shall be the responsibility of the contracting agencies and the Director, in accordance with and subject to the provisions of this chapter, to provide war contractors having any termination claim or claims, pending their settlement, with adequate interim financing, within thirty days after proper application therefor.

(b) Method of financing; amounts payable.

Each contracting agency shall, to the greatest extent it deems practicable, make available interim financing through loans and discounts, and commitments and guaranties in connection therewith, in contemplation of or related to termination of war contracts. Where interim financing is made by advance payments or partial payments, it shall, insofar as practicable, consist of the following:

(1) An amount equal to 100 per centum of the amount payable, at the contract price, on account of acceptable items completed prior to the termination date under the terms of the contract, or completed thereafter with the approval of the contracting agency; plus

(2) An amount equal to 90 per centum of the cost of raw materials, purchased parts, supplies, direct labor, and manufacturing overhead allocable to the terminated portion of the war contract; plus

(3) A reasonable percentage of other allowable costs, including administrative overhead, allocable to the terminated portion of the war contract not included in the foregoing; plus

(4) Such additional amounts, if any, as the contracting agency deems necessary to provide the war contractor with adequate interim financing.

(5) In lieu of the costs referred to in clauses (2) and (3) of this subsection, where a detailed ascertainment of such costs is not suitable to the conditions of any war contractor and is apt to cause delay in the obtaining of interim financing by him, that portion of such interim financing shall be equal to an amount not greater than 90 per centum of the estimated costs which are allocable to the terminated part or parts of the war contract or group of war contracts, and are ascertained in accordance with such methods and standards as the Director shall prescribe.

(6) There shall be deducted from the amount of such interim financing any unliquidated balances of advance and partial payments theretofore made to such war contractor, which are allocable to the terminated war contract or the terminated part of the war contract.

(c) Evidence to support financing.

The Director shall prescribe (1) the types of estimates, certificates, or other evidence to be required to support such interim financing; (2) the terms and conditions upon which such interim financing shall be made including the use of standard forms for agreements with respect to such interim financing to the extent practicable; (3) the classes of cases in which such interim financing shall be refused; and (4) such methods of supervision and control over such interim financing as he deems necessary or desirable to assure adequate and speedy interim financing to subcontractors of the war contractor.

(d) Penalty for overstatement of claims.

In case of an overstatement by any war contractor of the amount due on his termination claim or claims in connection with any interim financing under this chapter, such contractor shall pay to the United States, as a penalty, an amount equal to 6 per centum of the amount of the overstatement, but the Director may suspend or modify any such penalty if in his opinion the imposition thereof would be inequitable. Any penalty may be deducted from any amounts due the war contractor upon such termination claim or claims, or otherwise, or may be collected from the war contractor by suit. The obligation to pay any penalty imposed and to repay any interim financing made or assumed by the United States under this chapter shall constitute a debt due to the United States within the meaning of section 191 of Title 31.

(e) Advance payments as part of termination settlement.

Any contracting agency may allow any advance payments, previously made or authorized by it in connection with the performance of a war contract, to be used for payments and expenses related to the termination settlement of such contract, upon such terms and conditions as it deems necessary or appropriate to protect the interest of the Government.

(f) Liquidation of loans, etc., prior to final settlement.

No interim financing shall be made by any contracting agency under this chapter unless the terms of such financing provide for the liquidation by the war contractor of all loans, discounts, advance payments, or partial payments thereunder not later than the time of final payment of the amount due on the settlement of the termination claim or claims of the war contractor involved or such time thereafter as the contracting agency deems necessary for the liquidation of such interim financing in an orderly manner.

(g) Settlement of claims; validation of prior financing.

Any contracting agency may settle, upon such terms and conditions as it deems proper, any claim or obligation due by or to the Government arising from or related to any interim financing made, acquired, or authorized by it. Any interim financing made, acquired, or authorized by any contracting agency before the effective date of this chapter shall be valid to the extent it would be authorized under the provisions of this chapter if made after its effective date. (July 1, 1944, ch. 358, § 8, 58 Stat. 655.)

§ 109. Advance or partial payments to subcontractors; excessive payments, interest, liability of war contractor.

(a) Any contracting agency may make advance or partial payments to any war contractor on account of any termination claim or claims, and may authorize, approve, or ratify any such advance or partial payments by any war contractor to his subcontractors, upon such conditions as it deems necessary to insure compliance with the provisions of subsection (b) of this section. Each contracting agency shall make final payments from time to time on partial settlements or on settlements fixing a minimum amount due before complete settlement, or as tentative payments before any settlement of the claim or claims.

(b) Where any such advance or partial payment is made to any war contractor by any contracting agency or by another war contractor under this section, except a final payment on a partial settlement, any amount in excess of the amount finally determined to be due on the termination claim shall be treated as a loan from the Government to the war contractor receiving it, and shall be payable upon demand together with a penalty computed at the rate of 6 per centum per annum, for the period from the date such excess advance or partial payment is received to the date on which such excess is repaid or extinguished. Where the advance or partial payment was made by a war contractor and authorized, approved, or ratified by any contracting agency, the war contractor making it shall not be liable for any such excess payment in the absence of fraud on his part and shall receive payment or credit from the Government for the amount of such excess payment. (July 1, 1944, ch. 358, § 9, 58 Stat. 657.)

§ 110. Guarantee of loans, advances, etc., for financing termination of contracts.

(a) Any contracting agency is authorized—

(1) to enter into contracts with any Federal Reserve bank, or other public or private financing institution, guaranteeing such financing institution against loss of principal or interest on loans, dis-

counts, or advances or on commitments in connection therewith, which such financing institution may make to any war contractor or to any person who is or has been engaged in performing any operation deemed by such contracting agency to be connected with or related to war production, for the purpose of financing such war contractor or other person in connection with or in contemplation of the termination of one or more such war contracts or operations; and

(2) to make, enter into contracts to make, or to participate with any Government agency, any Federal Reserve bank or public or private financing institution in making loans, discounts, or advances, or commitments in connection therewith, for the purpose of financing any such war contractor or other person in connection with or in contemplation of the termination of such war contracts or operations.

(b) Any such loan, discount, advance, guaranty, or commitment in connection therewith may be secured by assignment of, or covenants to assign, some or all of the rights of such war contractor or other person in connection with the termination of such war contracts or operations, or in such other manner as the contracting agency may prescribe.

(c) Subject to such regulations as the Board of Governors of the Federal Reserve System may prescribe with the approval of the Director, any Federal Reserve bank is authorized to act, on behalf of the contracting agencies, as fiscal agent of the United States in carrying out the purposes of this chapter.

(d) This section shall not limit or affect any authority of any contracting agency, under any other statute, to make loans, discounts, or advances, or commitments in connection therewith or guaranties thereof. (July 1, 1944, ch. 358, § 10, 58 Stat. 657.)

EFFECTIVE DATE

Retroactive effect of this section, see section 124 (a) of this title.

§ 111. Advance notice of termination.

(a) In order to facilitate the efficient use of materials, manpower, and facilities for war and civilian purposes, each contracting agency—

(1) shall provide its prime contractors with notice of termination of their prime contracts as far in advance of the cessation of work thereunder as is feasible and consistent with the national security without permitting unneeded production or performance;

(2) shall establish procedures whereby prime contractors shall provide affected subcontractors with immediate notice of termination; and

(3) shall permit the continuation of some or all of the work under a terminated prime contract whenever the agency deems that such continuation will benefit the Government or is necessary to avoid substantial injury to the plant or property.

(b) Whenever a contracting agency hereafter directs a prime contractor to cease or suspend all or a substantial part of the work under a prime contract, without terminating the contract, then, unless the contract provides otherwise, (1) the contracting agency shall compensate the contractor for reasonable costs and expenses resulting from such cessation or suspension, and (2) if the cessation or suspension extends for thirty days or more, the contractor may elect to treat it as a termination by delivering written notice of his election so to do to the contracting agency, at any time before the contracting agency directs the prime contractor to resume work under the contract.

(c) The Director shall have no authority under this chapter to regulate or control the classes of contracts to be terminated by the contracting agencies. (July 1, 1944, ch. 358, § 11, 58 Stat. 658.)

§ 112. Removal and storage of materials—(a) Termination inventory.

It is the policy of the Government, upon the termination of any war contract, to assure the expeditious removal from the plant of the war contractor of the termination inventory not to be retained or sold by the war contractor.

(b) Statement on material of inventory.

Any war contractor may submit to the contracting agency concerned or to any other Government agency designated by the Director, one or more statements showing the materials which such war contractor claims to be termination inventory under one or more war contracts and desires to have removed by the Government. Such statements shall be prepared in such form and detail, shall be submitted in such manner, through the prime contractor or otherwise, and shall be supported by such certificates or other data, as may be prescribed under this chapter.

(c) Removal and storage by government agency.

Within sixty days after the submission of any such statement by a war contractor, or such shorter period as may be prescribed under this chapter, or within such longer period as the war contractor may agree, the Government agency concerned (1) shall arrange, upon such terms and conditions as may be agreed, for the storage by the war contractor on his own premises or elsewhere of all such claimed termination inventory which the war contractor does not retain or dispose of, except any part which may be determined not to be allocable to the terminated war contract or contracts, or (2) shall remove from the plant or plants of the war contractor all of such claimed termination inventory not retained, disposed of, or stored by the war contractor or determined not to be allocable to the terminated war contract or contracts.

(d) Removal and storage by war contractor.

Upon the failure of the Government so to arrange for storage by the war contractor or to remove any termination inventory within the period specified under subsection (c) of this section, the war contractor, subject to regulations prescribed under this chapter, may remove some or all of such termination inventory from his plant or plants and may store it on his own premises or elsewhere for the account and at the risk and expense of the Government, using reasonable care for its transportation and preservation. If any war contractor intends so to remove any claimed termination inventory, he shall deliver to the Government agency concerned writ-

ten notice of the date fixed for removal and a statement showing the quantities and condition of the materials so to be removed, certified on behalf of the war contractor to have been prepared in accordance with a concurrent physical inventory of such materials. Such notice and statement shall be delivered at least twenty days in advance of the date fixed for removal and may be delivered before or after the expiration of the period specified under subsection (c) of this section. If the Government agency fails to check such materials, at or before the time of their removal by the war contractor, a certificate of the war contractor specifying the materials shown on such statement which were so removed, and filed with the Government agency concerned within thirty days after the date fixed for removal, shall constitute prima facie evidence against the United States as to the quantities and condition of the materials so removed, and the fact of their removal.

(e) Acquisition by Government agency of inventory material; liability.

Notwithstanding any other provisions of law, but subject to subsection (h) of this section, the contracting agency concerned or the Director, or any Government agency designated by him, on behalf of the United States, may, by the exercise of any contract rights or otherwise, acquire and take possession of any termination inventory of any war contractor, and any materials removed by the Government or stored for its account under subsections (c) and (d) of this section, whether or not such materials are finally determined not to constitute termination inventory. With respect to any such materials, the Government shall be liable to any war contractor concerned only for their return to such war contractor or for their disposal value at the time of their removal or for the proceeds realized by the Government from their disposal, at the election of the Government agency concerned, unless the Government agency and the war contractor agree or have agreed on a different basis. Any amount so paid or payable to a war contractor for materials allocable to a terminated war contract shall be credited against the termination claim under such contract but shall not otherwise affect the amount due on the claim, unless the Government agency concerned and the war contractor agree or have agreed otherwise. Any materials to which the Director takes title under this section shall be delivered for disposal to any appropriate Government agency authorized to make such disposal.

(f) Postponement or delay of termination settlement.

No contracting agency shall postpone or delay any termination settlement beyond the period specified in subsection (c) of this section for the purpose of awaiting disposal by the war contractor or the Government of any termination inventory reported in accordance with subsection (b) of this section.

(g) Government-owned machinery.

Whenever any war contractor no longer requires, for the performance of any war contract, any Government-owned machinery, tools, or equipment installed in his plant for the performance of one or more war contracts, the Government agency concerned, upon written demand by the war contractor, and within sixty days after such demand or such other period as may be prescribed under this chapter, and upon such conditions as may be so prescribed, shall remove or provide for the removal of such machinery, tools, or equipment from such plant, unless the Government agency concerned and the war contractor, by facilities contract or otherwise, have made or make other provisions for the retention, storage, maintenance, or disposition of such machinery, tools or equipment. The Government agency concerned may waive or release on behalf of the United States any obligation of the war contractor with respect to such machinery, tools, or equipment upon such terms and conditions as the agency deems appropriate. Upon the failure of the Government so to remove or provide for removal of any such machinery, tools, or equipment, the war contractor, subject to regulations prescribed under this chapter, may remove all or part of such machinery, tools, or equipment from his plant and may store it on his own premises or elsewhere, for the account and at the risk and expense of the Government, using reasonable care for its transportation and preservation.

(h) Limitation on Government acquisition of inventories.

Nothing in this chapter shall limit or affect the authority of the War Department, Navy Department, or Maritime Commission, respectively, to take over any termination inventories and to retain them for their use for any purpose or to dispose of such termination inventories for the purpose of war production, or to authorize any war contractor to retain or dispose of such termination inventories for the purpose of war production.

(i) Removal and storage by war contractor at own risk.

Nothing in this section shall be construed to prevent the removal and storage of any termination inventory by any war contractor, at his own risk, at any time after termination of any war contract to which it is allocable. (July 1, 1944, ch. 358, § 12, 58 Stat. 658.)

§ 113. Appeals—(a) Failure to settle claims by agreement; preparation of findings; notice to war contractor.

Whenever the contracting agency responsible for settling any termination claim has not settled the claim by agreement or has so settled only a part of the claim, (1) the contracting agency at any time may determine the amount due on such claim or such unsettled part, and prepare written findings indicating the basis of the determination, and deliver a copy of such findings to the war contractor, or (2) if the termination claim has been submitted in the manner and substantially the form prescribed under this chapter, the contracting agency, upon written demand by the war contractor for such findings, shall determine the amount due on the claim or unsettled part and prepare and deliver such find-

ings to the war contractor within ninety days after the receipt by the agency of such demand. In preparing such findings, the contracting agency may require the war contractor to furnish such information and to submit to such audits as may be reasonably necessary for that purpose. Within thirty days after the delivery of any such findings, the contracting agency shall pay to the war contractor at least 90 per centum of the amount thereby determined to be due, after deducting the amount of any outstanding interim financing applicable thereto.

(b) Rights of war contractor.

Whenever any war contractor is aggrieved by the findings of a contracting agency on his claim or part thereof or by its failure to make such findings in accordance with subsection (a) of this section, he may, at his election—

(1) appeal to the Appeal Board in accordance with subsection (d) of this section, or

(2) bring suit against the United States for such claim or such part thereof, in the Court of Claims or in a United States district court, in accordance with subsection (20) of section 41 of Title 28, except that, if the contracting agency is the Reconstruction Finance Corporation, or any corporation organized pursuant to sections 601–617 of Title 15, or any corporation owned or controlled by the United States, the suit shall be brought against such corporation in any court of competent jurisdiction in accordance with existing law.

(c) Procedure.

Any proceeding under subsection (b) of this section shall be governed by the following conditions:

(1) When any contracting agency provides a procedure within the agency for protest against such findings or for other appeal therefrom by the war contractor, the war contractor, before proceeding under subsection (b) of this section, (i) in his discretion may resort to such procedure within the time specified in his contract or, if no time is specified, within thirty days after the delivery to him of the findings; and (ii) shall resort to such procedure for protest or other appeal to the extent required by the Director, but failure of the contracting agency to act on any such required protest or appeal within thirty days shall operate as a refusal by the agency to modify its findings. Any revision of the findings by the contracting agency, upon protest or appeal within the agency, shall be treated as the findings of the agency for the purpose of appeal or suit under subsection (b) of this section. Notwithstanding any contrary provision in any war contract, no war contractor shall be required to protest or appeal from such findings within the contracting agency except in accordance with this paragraph.

(2) A war contractor may initiate proceedings in accordance with subsection (b) of this section (i) within ninety days after delivery to him of the findings by the contracting agency, or (ii) in case of protests or appeal within the agency, within ninety days after the determination of such protest or appeal, or (iii) in case of failure to deliver such findings, within one year after his demand therefor. If he does not initiate such proceedings within the time specified, he shall be precluded thereafter from initiating any proceedings in accordance with subsection (b) of this section, and the findings of the contracting agency shall be final and conclusive, or if no findings were made, he shall be deemed to have waived such termination claim.

(3) Notwithstanding any contrary provision in any war contract, the Appeal Board or court shall not be bound by the findings of the contracting agency, but shall treat such findings as prima facie correct, and the burden shall be on the war contractor to establish that the amount due on his claim or part thereof exceeds the amount allowed by the findings of the contracting agency. Whenever the Appeal Board or court finds that the war contractor failed to negotiate in good faith with the contracting agency for the settlement of his claim or part thereof before appeal or suit thereon, or failed to furnish to the agency any information reasonably requested by it regarding his termination claim or part thereof, or failed to prosecute diligently any protest or appeal required to be taken under subsection (c) (1) (ii) of this section, the Appeal Board or court (i) may refuse to receive in evidence any information not submitted to the contracting agency; (ii) may deny interest on the claim or part thereof for such period as it deems proper, or (iii) may remand the case to the contracting agency for further proceedings upon such terms as the Appeal Board or court may prescribe. Unless the case is remanded, the Appeal Board or court shall enter the appropriate award or judgment on the basis of the law and facts, and may increase or decrease the amount allowed by the findings of the contracting agency.

(4) Any such proceedings shall not affect the authority of the contracting agency concerned to make a settlement of the termination claim, or any part thereof, by agreement with the war contractor at any time before such proceedings are concluded.

(d) Appeal board.

(1) The Director shall appoint an Appeal Board, composed of such number of members as he deems necessary from time to time to hear appeals under this section. The members of the Appeal Board shall be qualified and experienced attorneys, engineers, accountants, or persons possessing sufficient business experience or professional skill. He shall, without regard to the provisions of the civil-service laws and sections 661–663, 664–673 and 674 of Title 5, appoint and fix the compensation and term of office of the members of the Appeal Board: *Provided,* That no member shall receive compensation at a rate in excess of $10,000 per annum nor be appointed for a term longer than two years.

(2) Panels of one or more members may act for the Appeal Board and shall sit from time to time in localities throughout the country, reasonably convenient for war contractors having proceedings before them. A panel of one member of the Appeal Board may hear any appeal whenever (i) the amount in controversy in the appeal is $25,000 or less; or (ii) the amount in controversy exceeds $25,000, but the

war contractor taking the appeal fails to demand a panel of three members at the time of filing his appeal. If the war contractor is aggrieved by the decision of the Appeal Board or panel (other than an order remanding the case to the contracting agency under subsection (c) (3) (iii) of this section), then within ninety days after such decision he may bring suit on the claim or unsettled part thereof in accordance with subsection (b) (2) of this section. Such suit shall proceed as if no appeal had been taken under subsection (b) of this section. All costs of such suit shall be borne by the war contractor unless the court awards such contractor an amount in excess of that allowed by the Appeal Board or panel. Upon failure of the war contractor so to sue within such period, the decision of the Appeal Board or panel shall be final and conclusive.

(3) The Director or, if authorized by him, the Appeal Board shall prescribe the practice and procedure to govern proceedings for the Appeal Board. The Appeal Board or any panel thereof shall have power to administer oaths to witnesses and to compel by subpena the attendance of witnesses, and the production of books, papers, documents, and other records All provisions of law (including penalties and provisions relating to self-incrimination) applicable with respect to subpenas issued under sections 41–46 and 47–58 of Title 5 shall be applicable with respect to subpenas issued by the Appeal Board insofar as such provisions are not inconsistent with the provisions of this chapter.

(e) Arbitration.

The contracting agency responsible for settling any claim and the war contractor asserting the claim, by agreement, may submit all or any part of the termination claim to arbitration, without regard to the amount in dispute. Such arbitration proceedings shall be governed by the provisions of sections 1–15 of Title 9 to the same extent as if authorized by an effective agreement in writing between the Government and the war contractor. Any such arbitration award shall be final and conclusive upon the United States to the same extent as a settlement under subsection (c) of section 106 of this title, but shall not be subject to approval by any settlement review board.

(f) Conclusiveness of decisions.

Whenever any dispute exists between any war contractor and a subcontractor regarding any termination claim, either of them, by agreement with the other, may submit the dispute—

(1) to the Appeal Board in accordance with subsection (d) of this section;

(2) to a contracting agency for mediation or arbitration whenever authorized by the agency or required by the Director.

Any award or decision in such proceedings shall be final and conclusive as to the parties so submitting any such dispute and shall not be questioned by the United States in settling any related claim, in the absence of fraud or collusion. (July 1, 1944, ch. 358, § 13, 58 Stat. 660.)

§ 114. Court of claims—(a) Appointment of auditors and commissioners.

For the purpose of expediting the adjudication of termination claims, the Court of Claims is authorized to appoint not more than ten auditors and not more than twenty commissioners in addition to those provided for by sections 269 and 270 of Title 28, and the provisions of such sections shall apply to such additional commissioners in all respects as if they had been appointed thereunder without limitation as to nature of duties which they may be called upon to perform.

(b) Procedure.

The Court of Claims, on motion of either of the parties, or on its own motion, may summon any and all persons with legal capacity to be sued to appear as a party or parties in any suit or proceeding of any nature whatsoever pending in said court to assert and defend their interests, if any, in such suits or proceedings, within such period of time prior to judgment as the Court of Claims shall prescribe. If the name and address of any such person is known or can be ascertained by reasonable diligence, and if he resides within the jurisdiction of the United States, he shall be summoned to appear by personal service; but if any such person resides outside of the jurisdiction of the United States, or is unknown, or if for any other good and sufficient reason appearing to the court personal service cannot be had, he may be summoned by publication, under such rules as the court may adopt, together with a copy of the summons mailed by registered mail to such person's last known address. The Court of Claims may, upon motion of the Attorney General, in any suit or proceeding where there may be any number of persons having possible interests therein, notify such persons to appear to assert and defend such interests. Upon failure so to appear, any and all claims or interests in claims of any such person against the United States, in respect of the subject matter of such suit or proceeding, shall forever be barred and the court shall have jurisdiction to enter judgment pro confesso upon any claim or contingent claim asserted on behalf of the United States against any person who, having been duly served with summons, fails to respond thereto, to the same extent and with like effect as if such person had appeared and had admitted the truth of all allegations made on behalf of the United States. Upon appearance by any person pursuant to any such summons or notice, the case as to such person shall, for all purposes, be treated as if an independent proceeding had been instituted by such person pursuant to section 250 of Title 28, and as if such independent proceeding had then been consolidated, for purposes of trial and determination, with the case in respect of which the summons or notice was issued, except that the United States shall not be heard upon any counterclaims, claims for damages or other demands whatsoever against such person, other than claims and contingent claims for the recovery of money hereafter

paid by the United States in respect of the transaction or matter which constitutes the subject matter of such case, unless and until such person shall assert therein a claim, or an interest in a claim, against the United States, and the Court of Claims shall have jurisdiction to adjudicate, as between any and all adverse claimants, their respective several interests in any matter in suit and to award several judgments in accordance therewith.

(c) Jurisdiction.

The jurisdiction of the Court of Claims shall not be affected by this chapter except to the extent necessary to give effect to this chapter, and no person shall recover judgment on any claim, or on any interest in any claim, in said court which such person would not have had a right to assert in said court if this section had not been enacted. (July 1, 1944, ch. 358, § 14, 58 Stat. 663.)

§ 115. Personal financial liability of contracting officers.

(a) Whenever any payment is made from Government funds to any war contractor or other person as an advance, partial or final payment on any termination claim, or pursuant to any loan, guaranty, or agreement for the purchase of any loan, or any commitment in connection therewith, entered into by the Government, no officer or other Government agent authorizing or approving such payment or settlement, or certifying the voucher for such payment, or making the payment in accordance with a duly certified voucher, shall be personally liable for such payment, in the absence of fraud on his part. In settling the accounts of any disbursing officer the General Accounting Office shall allow any such disbursements made by him notwithstanding any other provisions of law.

(b) For the purpose of making termination settlements or interim financing any Government agency is authorized to rely upon such certificates of war contractors as it deems proper and to permit war contractors and other persons to rely upon such certificates without financial liability in the absence of fraud on their part. (July 1, 1944, ch. 358, § 15, 58 Stat. 664.)

§ 116. Functions of General Accounting Office; certification of fraudulent settlements to Department of Justice; reports to Congress.

(a) Any other provision of law notwithstanding, the function of the General Accounting Office with respect to any termination settlement made, authorized, ratified, or approved by a contracting agency shall be confined to determining, after final settlement, (1) whether the settlement payments to the war contractor were made in accordance with the settlement, and (2) whether the records transmitted to it, or other information, warrant a reasonable belief that the settlement was induced by fraud. For this purpose the General Accounting Office shall have the authority to examine any records maintained by any contracting agency or by any war contractor relating to any termination settlement.

(b) Whenever the Comptroller General is convinced that any settlement was induced by fraud, he shall so certify, together with all the facts relating thereto, to the Department of Justice, to the Director, and to the contracting agency concerned. Upon receipt of such certificate (1) the Department of Justice shall make an investigation to determine whether such settlement was induced by fraud, and (2) until the Department of Justice notifies the contracting agency that in its opinion the facts do not support the belief that the settlement was induced by fraud, the contracting agency, by set-off or otherwise, may withhold, from amounts owing to the war contractor by the United States under such settlement or otherwise, the amount of the settlement, or the portion thereof, which, in the opinion of the Comptroller General as stated in his certificate, was affected by the fraud. In any such case the Department of Justice shall take such action as it deems appropriate to recover payments made to such war contractor. The General Accounting Office shall not suspend credit to any disbursing officer on any disbursements made by him under such settlement in the absence of fraud on his part.

(c) The Comptroller General may investigate the settlements completed by each contracting agency for the purpose of reporting to the Congress from time to time on—

(1) whether the settlement methods and procedures employed by such agency are of a kind and type designed to result in expeditious and fair settlements in accordance with and subject to the provisions of this chapter and the orders and regulations of the Director;

(2) whether such methods and procedures are followed by such agency with care and efficiency; and

(3) whether such methods and procedures adequately protect the interest of the Government.

If in any such report the Comptroller General shall find that the settlement methods and procedures fail to meet the foregoing standards, he shall make suggestions and recommendations to such agency for the improvement of such methods and procedures and to the Congress for any additional legislation needed to carry out the policies of this chapter. At least thirty days before filing any such report with the Congress, the Comptroller General shall deliver a copy thereof to the agency concerned and the Director, and shall forward to the Congress together with such report any comments of such agency with respect thereto.

(d) The jurisdiction of the Comptroller General of the United States shall not be affected by this chapter except to the extent necessary to give effect to the specific provisions thereof. (July 1, 1944, ch. 358, § 16, 58 Stat. 664.)

§ 117. Defective, informal, and quasi contracts.

(a) Where any person has arranged to furnish or furnished to a contracting agency or to a war contractor any materials, services, or facilities related to the prosecution of the war, without a formal contract, relying in good faith upon the apparent authority of an officer or agent of a contracting agency, written or oral instructions, or any other request to proceed from a contracting agency, the

contracting agency shall pay such person fair compensation therefor.

(b) Whenever any formal or technical defect or omission in any prime contract, or in any grant of authority to an officer or agent of a contracting agency who ordered any materials, services, and facilities might invalidate the contract or commitment, the contracting agency (1) shall not take advantage of such defect or omission; (2) shall amend, confirm, or ratify such contract or commitment without consideration in order to cure such defect or omission; and (3) shall make a fair settlement of any obligation thereby created or incurred by such agency, whether expressed or implied, in fact or in law, or in the nature of an implied or quasi contract.

(c) Where a contracting agency fails to settle by agreement any claim asserted under this section, the dispute shall be subject to the provisions of section 113 of this title.

(d) The Director shall require each contracting agency to formalize all such obligations and commitments within such period as the Director deems appropriate. (July 1, 1944, ch. 358, § 17, 58 Stat. 665.)

§ 118. Administration—(a) Records, forms, reports.

The Director shall establish policies for such supervision and review within the contracting agencies of termination settlements and interim financing as he deems necessary and appropriate to prevent and detect fraud and to assure uniformity in administration and to provide for expeditious settlements. For this purpose he shall prescribe (1) such records to be prepared by the contracting agencies and by war contractors as he deems necessary in connection with such settlements and interim financing; and (2) the records in connection therewith to be transmitted to the General Accounting Office. He shall seek to reduce the amount of record keeping, reporting, and accounting in connection with the settlement of termination claims and interim financing to the minimum compatible with the reasonable protection of the public interest. Each contracting agency shall prescribe forms for use by war contractors in connection with termination settlements and interim financing to the extent it deems necessary and feasible.

(b) Preparation of information and reports.

The Director shall require the Government agencies performing functions under this chapter to prepare such information and reports regarding terminations of war contracts, settlements of termination claims, and interim financing, as he deems necessary to assist him in appraising their operations or to assist him or other Government agencies in performing their functions under this chapter, and may prescribe the terms and conditions upon which such information and reports shall be made available to other Government agencies. The Director may require any Government agency to furnish such information under its control as he deems necessary for the performance of his functions under this chapter, but any such agency, in its discretion, may furnish any such information deemed by it to affect the national security only to the Director himself.

(c) Advance notice on cut-backs.

The Director, by regulation, shall provide for making available to any interested Government agency such advance notice and other information on cutbacks in war production resulting from terminations or failures to renew or extend war contracts, as he deems necessary and appropriate.

(d) Investigations.

The Director shall make such investigations as he deems necessary or desirable in connection with termination settlements and interim financing. For this purpose he may utilize the facilities of any existing agencies and if he determines that the facilities of existing agencies are inadequate, he may establish a unit in the Office of Contract Settlement to supplement and facilitate the work of existing agencies. He shall report to the Department of Justice any information received by him indicating any fraudulent practices, for appropriate action.

(e) Certification of fraudulent settlements to Department of Justice.

Whenever any contracting agency or the Director believes that any settlement was induced by fraud, the agency or Director shall report the facts to the Department of Justice. Thereupon, (1) the Department of Justice shall make an investigation to determine whether such settlement was induced by fraud, and (2) until the Department of Justice notifies the contracting agency that in its opinion the facts do not support the belief that the settlement was induced by fraud, the contracting agency, by set-off or otherwise, may withhold, from amounts owing to the war contractor by the United States under such settlement or otherwise, the amount of the settlement, or the portion thereof, which, in its opinion, was affected by the fraud. In any such case the Department of Justice shall take such action as it deems appropriate to recover payments made to such war contractor. (July 1, 1944, ch. 358, § 18, 58 Stat. 666.)

§ 119. Preservation of records; frauds; jurisdiction; prosecution of claims by Government agents; penalties.

It shall be unlawful for any person willfully to secrete, mutilate, obliterate, or destroy, or cause to be secreted, mutilated, obliterated, or destroyed—

(i) any records of a war contractor relating to the negotiation, award, performance, payment, interim financing, cancelation or other termination, or settlement of a war contract of $25,000 or more; or

(ii) any records of a war contractor and any purchaser relating to any disposition of termination inventory in which the consideration received by any war contractor or any Government agency is $5,000 or more.

until (1) five years after such disposition of termination inventory by such war contractor or Government agency, or (2) five years after the final settlement of such war contract, or (3) five years after the termination of hostilities in the present war as

proclaimed by the President or by a concurrent resolution of the two Houses of Congress, whichever applicable period is longer.

Photographs or microphotographs of any records made in compliance with such regulations of the Director shall have the same force and effect as the originals thereof would have and shall be treated as originals for the purpose of admissibility in evidence.

Every person who makes or causes to be made, or presents or causes to be presented to any officer, agent, or employee of any Government agency any claim, bill, receipt, voucher, statement, account, certificate, affidavit, or deposition, knowing the same to be false, fraudulent, or fictitious or knowing the same to contain or to be based on any false, fraudulent, or fictitious statement or entry or who shall cover up or conceal any material fact, or who shall use or engage in any other fraudulent trick, scheme, or device, for the purpose of securing or obtaining, or aiding to secure or obtain, for any person any benefit, payment, compensation, allowance, loan, advance, or emolument from the United States or any Government agency in connection with the termination, cancelation, settlement, payment, negotiation, renegotiation, performance, procurement, or award of a contract with the United States or with any other person, and every person who enters into an agreement, combination, or conspiracy so to do, (1) shall pay to the United States an amount equal to 25 per centum of any amount thereby sought to be wrongfully secured or obtained but not actually received, and (2) shall forfeit and refund any such benefit, payment, compensation, allowance, loan, advance, and emolument received as a result thereof and (3) shall in addition pay to the United States the sum of $2,000 for each such act, and double the amount of any damage which the United States may have sustained by reason thereof, together with the costs of suit.

The several district courts of the United States, the District of Columbia, the several district courts of the Territories of the United States, within whose jurisdictional limits the person, or persons, doing or committing such act, or any one of them, resides or shall be found, shall, wheresoever such act may have been done or committed, have full power and jurisdiction to hear, try, and determine such suit, and such person or persons as are not inhabitants of or found within the district in which suit is brought may be brought in by order of the court to be served personally or by publication or in such other reasonable manner as the court may direct.

The provisions of section 80 of Title 18 shall apply to any statement, representation, bill, receipt, voucher, roll, account, claim, certificate, affidavit, or deposition made or used or caused to be made or used for any purpose under this chapter or under any regulations pursuant to this chapter.

It shall be unlawful for any person employed in any Government agency, including commissioned officers assigned to duty in such agency, during the period such person is engaged in such employment or service, to prosecute, or to act as counsel, attorney, or agent for prosecuting, any claim against the United States, or for any such person within two years after the time when such employment or service has ceased, to prosecute, or to act as counsel, attorney, or agent for prosecuting, any claim against the United States involving any subject matter directly connected with which such person was so employed or performed duty. Any person violating any provision of this subsection shall be fined not more than $10,000 or imprisoned for not more than one year, or both. (July 1, 1944, ch. 358, § 19 (a), (c–e), 58 Stat. 667.)

§ 120. Powers and duties of contracting agencies—(a) Limitation.

Each contracting agency shall have authority, notwithstanding any provisions of law other than contained in this chapter, (1) to make any contract necessary and appropriate to carry out the provisions of this chapter; (2) to amend by agreement any existing contract, either before or after notice of its termination, on such terms and to such extent as it deems necessary and appropriate to carry out the provisions of this chapter; and (3) in settling any termination claim, to agree to assume, or indemnify the war contractor against, any claims by any person in connection with such termination claims or settlement. This subsection shall not limit or affect in any way any authority of any contracting agency under sections 601–622 of Appendix to Title 50, or under any other statute.

(b) Evidence required; conclusiveness of determinations.

Any contracting agency may prescribe the amount and kind of evidence required to identify any person as a war contractor, or any contract, agreement, or purchase order as a war contract for any of the purposes of this chapter. Any determination so made that any person is a war contractor, or that any contract, agreement, or purchase order is a war contract, shall be final and conclusive for any of the purposes of this chapter.

(c) Appropriations.

There are hereby authorized to be appropriated such sums as may be necessary for administering the provisions of this chapter.

(d) Validation of prior settlements.

All policies and procedures relating to termination of war contracts, termination settlements, and interim financing, prescribed by the Director of War

Mobilization or any contracting agency, in effect upon the effective date of this chapter, and not inconsistent with this chapter, shall remain in full force and effect unless and until superseded by the Director in accordance with this chapter, or by regulations of the contracting agency not inconsistent with this chapter or the policies prescribed by the Director.

(e) Impairment of contract.

Nothing in this chapter shall be deemed to impair or modify any war contract or any term or provision of any war contract or any assignment of any claim under a war contract, without the consent of the parties thereto, if the war contract, or the term, provision, or assignment thereof, is otherwise valid.

(f) Aid to war contractors.

Any contracting agency may authorize or direct its officers and employees, as a part of their official duties, to advise, aid, and assist war contractors in preparing and presenting termination claims, in obtaining interim financing, and in related matters, to such extent as it deems desirable. Such advice, aid, or assistance shall not constitute a violation of section 198 of Title 18 or of any other law, provided the officer or employee does not receive therefor benefit or compensation of any kind, directly or indirectly, from any war contractor.

(g) Duties of Smaller War Plants Corporation.

The Smaller War Plants Corporation is hereby directed—

(a) to use for interim financing, the payment of claims, and for any other purposes authorized in this chapter any funds which have heretofore been appropriated or allocated or which may hereafter be appropriated or allocated to it, or which are or may become available to it, for such purposes or for the purposes of war production or war procurement;

(b) to use any such funds appropriated, allocated, or available to it for expenditures for or in behalf of any other contracting agency for the purposes authorized in this chapter; and

(c) to determine by agreement, joint estimate, or any other method authorized by the Director, the part of any expenditure made pursuant to subsection (b) hereof to be paid by each contracting agency concerned and to make transfers of funds between such contracting agencies accordingly. Transfers of funds between appropriations carried upon the books of the Treasury shall be made by the Secretary of the Treasury in accordance with joint requests of the contracting agencies involved. (July 1, 1944, ch. 358, § 22, 58 Stat. 670.)

§ 123. Delegation of authority by Director.

(a) The Director may delegate any authority and discretion conferred upon him by this chapter to any Deputy Director, and may delegate such authority and discretion, upon such terms and conditions as he may prescribe, to the head of any Government agency to the extent necessary to the handling and solution of problems peculiar to that agency.

(b) The head of any Government agency may delegate any authority and discretion conferred upon him or his agency by or pursuant to this chapter to any officer, agent, or employee of such agency or to any other Government agency, and may authorize successive redelegations of such authority and discretion.

(c) Any two or more Government agencies may exercise jointly any authority and discretion conferred upon each of them individually by or pursuant to this chapter.

§ 124. Effective date; applicability to lend-lease contracts.

With the exception of the provisions of paragraphs (b), (c), (d), and (e) of section 112 of this title, and of sections 106–110, and 113 of this title, this chapter shall be applicable in the case of any terminated war contract which has been finally settled at or before the effective date of this chapter.

(b) Nothing in this chapter shall limit or affect any authority conferred by sections 411–419 of Title 22, or Acts supplemental thereto. (July 1, 1944, ch. 358, § 24, 58 Stat. 670.)

§ 125. Exemption of certain contracts outside continental United States or in Alaska.

The Service shall, in accordance with regulations, receive into any hospital of the Service suitable for his accommodation any person afflicted with leprosy who presents himself for care, detention, or treatment, or who may be apprehended under section 256 or 264 of this title, and any person afflicted with leprosy duly consigned to the care of the Service by the proper health authority of any State, Territory, or the District of Columbia. The Surgeon General is authorized, upon the request of any health authority, to send for any person within the jurisdiction of such authority who is afflicted with leprosy and to convey such person to the appropriate hospital for detention and treatment. When the transportation of any such person is undertaken for the protection of the public health the expense of such removal shall be met from funds available for the maintenance of hospitals of the Service. (July 1, 1944, ch. 373, title III, § 331, 58 Stat. 698.)

§ 256. Apprehension, detention, treatment, and release of lepers.

The Surgeon General may provide by regulation for the apprehension, detention, treatment, and release of persons being treated by the Service for leprosy. (July 1, 1944, ch. 373, title III, § 332, 58 Stat. 698.)

§ 257. Narcotic addicts; care and treatment.

The Surgeon General is authorized to provide for the confinement, care, protection, treatment, and discipline of persons addicted to the use of habit-forming narcotic drugs who voluntarily submit themselves for treatment and addicts who have been or are hereafter convicted of offenses against the United States, including persons convicted by general courts martial and consular courts. Such care and treatment shall be provided at hospitals of the Service especially equipped for the accommodation of such patients and shall be designed to rehabilitate such persons, to restore them to health, and, where necessary, to train them to be self-supporting and self-reliant. (July 1, 1944, ch. 373, title III, § 341, 58 Stat. 698.)

§ 258. Same; employment; establishment of industries, plants, etc.; sale of commodities; disposition of proceeds.

Narcotic addicts in hospitals of the Service designated for their care shall be employed in such manner and under such conditions as the Surgeon General may direct. In such hospitals the Surgeon General may, in his discretion, establish industries, plants, factories, or shops for the production and manufacture of articles, commodities, and supplies for the United States Government. The Secretary of the Treasury may require any Government department, establishment, or other institution, for whom appropriations are made directly or indirectly by the Congress of the United States, to purchase at current market prices, as determined by him or his authorized representative, such of the articles, commodities, or supplies so produced or manufactured as meet their specifications; and the Surgeon General shall provide for payment to the inmates or their dependents of such pecuniary earnings as he may deem proper. The Administrator shall establish a working-capital fund for such industries, plants, factories, and shops out of any funds appropriated for Public Health Service hospitals at which addicts are treated and cared for; and such fund shall be available for the purchase, repair, or replacement of machinery or equipment, for the purchase of raw materials and supplies, for the purchase of uniforms and other distinctive wearing apparel of employees in the performance of their official duties, and for the employment of necessary civilian officers and employees. The Surgeon Gen-

§ 259. Convict addicts—(a) Transfers to and from hospitals; duty of prosecuting officers to report convicted persons believed to be addicts.

The authority vested with the power to designate the place of confinement of a prisoner shall transfer to hospitals of the Service especially equipped for the accommodation of addicts, if accommodations are available, all addicts who have been or are hereafter sentenced to confinement, or who are now or shall hereafter be confined, in any penal, correctional, disciplinary, or reformatory institution of the United States, including those addicts convicted of offenses against the United States who are confined in State and Territorial prisons, penitentiaries, and reformatories, except that no addict shall be transferred to a hospital of the Service who, in the opinion of the officer authorized to direct the transfer, is not a proper subject for confinement in such an institution either because of the nature of the crime he has committed or because of his apparent incorrigibility. The authority vested with the power to designate the place of confinement of a prisoner shall transfer from a hospital of the Service to the institution from which he was received, or to such other institution as may be designated by the proper authority, any addict whose presence at a hospital of the Service is detrimental to the well-being of the hospital or who does not continue to be a narcotic addict. All transfers of such prisoners to or from a hospital of the Service shall be accompanied by necessary attendants as directed by the officer in charge of such hospital and the actual and necessary expenses incident to such transfers shall be paid from the appropriation for the maintenance of such Service hospital except to the extent that other Federal agencies are authorized or required by law to pay expenses incident to such transfers. When sentence is pronounced against any person whom the prosecuting officer believes to be an addict, such officer shall report to the authority vested with the power to designate the place of confinement, the name of such person, the reasons for his belief, all pertinent facts bearing on such addiction, and the nature of the offense committed. Whenever an alien addict transferred to a Service hospital pursuant to this subsection is entitled to his discharge but is subject to deportation, in lieu of being returned to the penal institution from which he came he shall be deported by the authority vested by law with power over deportation.

(b) Parole of inmates; commutation allowance for good conduct.

The provisions of sections 710–712a of Title 18, regulating commutation of sentence for good conduct of United States prisoners, section 744h of Title 18, regulating commutation of sentence for employment in industry, and sections 714–723c of Title 18, relating to parole, shall be applicable to any narcotic addict confined in any institution in execution of a judgment or sentence upon conviction of an offense against the United States; except that no narcotic addict confined in any institution, whether or not an institution of the Public Health Service, shall be released by reason of commutation of sentence or parole until the Surgeon General shall have certified that such individual is no longer an addict.

(c) Discharge of addicts; further treatment.

Not later than one month prior to the expiration of the sentence of any addict confined in a Service hospital, he shall be examined by the Surgeon General or his authorized representative. If the Surgean General believes the person to be discharged is still an addict and that he may by further treatment in a Service hospital be cured of his addiction, the addict shall be informed, in accordance with regulations, of the advisability of his submitting himself to further treatment. The addict may then apply in writing to the Surgeon General for further treatment in a Service hospital for a period not exceeding the maximum length of time considered necessary by the Surgeon General. Upon approval of the application by the Surgeon General or his authorized agent, the addict may be given such further treatment as is necessary to cure him of his addiction.

(d) Gratuities and transportation furnished discharged addicts.

Every person convicted of an offense against the United States, upon discharge, or upon release on parole, from a hospital of the Service, shall be furnished with the gratuities and transportation authorized by law to be furnished to prisoners upon release from a penal, correctional, disciplinary, or reformatory institution.

(e) Admission of probationers to hospitals for treatment.

Any court of the United States having the power to suspend the imposition or execution of sentence and to place a defendant on probation under any existing laws may impose as one of the conditions of such probation that the defendant, if an addict, shall submit himself for treatment at a hospital of the Service especially equipped for the accommodation of addicts until discharged therefrom as cured and that he shall be admitted thereto for such purpose. Upon the discharge of any such probationer from a hospital of the Service, he shall be furnished with the gratuities and transportation authorized by law to be furnished to prisoners upon release from a penal, correctional, disciplinary, or reformatory institution. The actual and necessary expense incident to transporting such probationer to such hospital and to furnishing such transportation and gratuities shall be paid from the appropriation for the maintenance of such hospital except to the extent that other Federal agencies are authorized or required by law to pay the cost of such transportation: *Provided*, That where existing law vests a discretion in any officer as to the place to which transportation shall be furnished or as to the amount of clothing and gratuities to be furnished, such discretion shall be exercised by the Surgeon General with respect to

addicts discharged from hospitals of the Service. (July 1, 1944, ch. 373, title III, § 343, 58 Stat. 699.)

§ 260. Addicts admitted to hospitals as voluntary patients; examination; payment of charges; length of confinement; forfeiture of civil rights.

(a) Any addict, whether or not he shall have been convicted of an offense against the United States, may apply to the Surgeon General for admission to a hospital of the Service especially equipped for the accommodation of addicts.

(b) Any applicant shall be examined by the Surgeon General who shall determine whether the applicant is an addict, whether by treatment in a hospital of the Service he may probably be cured of his addiction, and the estimated length of time necessary to effect his cure. The Surgeon General may, in his discretion, admit the applicant to a Service hospital. No such addict shall be admitted unless he agrees to submit to treatment for the maximum amount of time estimated by the Surgeon General to be necessary to effect a cure, and unless suitable accommodations are available after all eligible addicts convicted of offenses against the United States have been admitted. Any such addict may be required to pay for his subsistence, care, and treatment at rates fixed by the Surgeon General and amounts so paid shall be covered into the Treasury of the United States to the credit of the appropriation from which the expenditure for his subsistence, care, and treatment was made.

(c) Any addict admitted for treatment under this section, including any addict, not convicted of an offense, who voluntarily submits himself for treatment, may be confined in a hospital of the Service for a period not exceeding the maximum amount of time estimated by the Surgeon General as necessary to effect a cure of the addiction or until such time as he ceases to be an addict.

(d) Any addict admitted for treatment under this section shall not thereby forfeit or abridge any of his rights as a citizen of the United States; nor shall such admission or treatment be used against him in any proceeding in any court; and the record of his voluntary commitment shall be confidential and shall not be divulged. (July 1, 1944, ch. 373, title III, § 344, 58 Stat. 701.)

§ 261. Penalties for introduction of narcotics into hospitals; escaping from, or aiding and abetting escape from hospitals.

(a) Any person not authorized by law or by the Surgeon General who introduces or attempts to introduce into or upon the grounds of any hospital of the Service at which addicts are treated and cared for, any habit-forming narcotic drug, weapon, or any other contraband article or thing, or any contraband letter or message intended to be received by an inmate thereof, shall be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment for not more than ten years.

(b) It shall be unlawful for any person properly committed thereto to escape or attempt to escape from a hospital of the Service at which addicts are treated and cared for, and any such person upon apprehension and conviction in a United States court shall be punished by imprisonment for not more than five years, such sentence to begin upon the expiration of the sentence for which such person was originally confined.

(c) Any person who procures the escape of any person admitted to a hospital of the Service at which addicts are treated and cared for, or who advises, connives at, aids, or assists in such escape, or who conceals any such inmate after such escape, shall be punished upon conviction in a United States court by imprisonment in the penitentiary for not more than three years. The suspension or revocation of any license shall not prevent the sale, barter, or exchange of any virus, serum, toxin, antitoxin, or other product aforesaid which has been sold and delivered by the licensee prior to such suspension or revocation, unless the owner or custodian of such virus, serum, toxin, antitoxin, or other product aforesaid has been notified by the Administrator not to sell, barter, or exchange the same.

(b) Falsely labeling or marking package or container; altering label or mark.

No person shall falsely label or mark any package or container of any virus, serum, toxin, antitoxin, or other product aforesaid; nor alter any label or mark on any package or container of any virus, serum, toxin, antitoxin, or other product aforesaid so as to falsify such label or mark.

(c) Inspection of establishment for propagation and preparation.

Any officer, agent, or employee of the Federal Security Agency, authorized by the Administrator for the purpose, may during all reasonable hours enter and inspect any establishment for the propagation

(d) Regulations governing licenses.

Licenses for the maintenance of establishments for the propagation or manufacture and preparation of products described in subsection (a) of this section may be issued only upon a showing that the establishment and the products for which a license is desired meet standards, designed to insure the continued safety, purity, and potency of such products, prescribed in regulations made jointly by the Surgeon General, the Surgeon General of the Army, and the Surgeon General of the Navy, and approved by the Administrator, and licenses for new products may be issued only upon a showing that they meet such standards. All such licenses shall be issued, suspended, and revoked as prescribed by regulations and all licenses issued for the maintenance of establishments for the propagation or manufacture and preparation, in any foreign country, of any such products for sale, barter, or exchange in any State or possession shall be issued upon condition that the licensees will permit the inspection of their establishments in accordance with subsection (c) of this section.

(e) Interference with officers.

No person shall interfere with any officer, agent, or employee of the Service in the performance of any duty imposed upon him by this section or by regulations made by authority thereof.

(f) Penalties for offenses.

Any person who shall violate, or aid or abet in violating, any of the provisions of this section shall be punished upon conviction by a fine not exceeding $500 or by imprisonment not exceeding one year, or by both such fine and imprisonment, in the discretion of the court.

§ 264. Regulations to control communicable diseases; apprehension, detention, and release of certain persons from particular places.

(a) The Surgeon General, with the approval of the Administrator, is authorized to make and enforce such regulations as in his judgment are necessary to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the States or possessions, or from one State or possession into any other State or possession. For purposes of carrying out and enforcing such regulations, the Surgeon General may provide for such inspection, fumigation, disinfection, sanitation, pest extermination, destruction of animals or articles found to be so infected or contaminated as to be sources of dangerous infection to human beings, and other measures, as in his judgment may be necessary.

(b) Regulations prescribed under this section shall not provide for the apprehension, detention, or conditional release of individuals except for the purpose of preventing the introduction, transmission, or spread of such communicable diseases as may be specified from time to time in Executive orders of the President upon the recommendation of the National Advisory Health Council and the Surgeon General.

(c) Except as provided in subsection (d), regulations prescribed under this section, insofar as they provide for the apprehension, detention, examination, or conditional release of individuals, shall be applicable only to individuals coming into a State or possession from a foreign country, the Territory of Hawaii, or a possession.

(d) On recommendation of the National Advisory Health Council, regulations prescribed under this section may provide for the apprehension and examination of any individual reasonably believed to be infected with a communicable disease in a communicable stage and (1) to be moving or about to move from a State to another State; or (2) to be a probable source of infection to individuals who, while infected with such disease in a communicable stage, will be moving from a State to another State. Such regulations may provide that if upon examination any such individual is found to be infected, he may be detained for such time and in such manner as may be reasonably necessary. (July 1, 1944, ch. 373, title III, § 361, 58 Stat. 703.)

§ 265. Suspension of entries and imports from designated places to prevent spread of communicable diseases.

Whenever the Surgeon General determines that by reason of the existence of any communicable disease in a foreign country there is serious danger of the introduction of such disease into the United States, and that this danger is so increased by the introduction of persons or property from such country that a suspension of the right to introduce such persons and property is required in the interest of the public health, the Surgeon General, in accordance with regulations approved by the President, shall have the power to prohibit, in whole or in part, the introduction of persons and property from such countries or places as he shall designate in order to avert such

danger, and for such period of time as he may deem necessary for such purpose. (July 1, 1944, ch. 373, title III, § 362, 58 Stat. 704.)

With the approval of the President he shall from time to time select suitable sites for and establish such additional stations, grounds, and anchorages in the States and possessions of the United States as in his judgment are necessary to prevent the introduction of communicable diseases into the States and possessions of the United States.

(b) The Surgeon General shall establish the hours during which quarantine service shall be performed at each quarantine station, and, upon application by any interested party, may establish quarantine inspection during the twenty-four hours of the day, or any fraction thereof, at such quarantine stations as, in his opinion, require such extended service. He may restrict the performance of quarantine inspection to hours of daylight for such arriving vessels as cannot, in his opinion, be satisfactorily inspected during hours of darkness. No vessel shall be required to undergo quarantine inspection during the hours of darkness, unless the quarantine officer at such quarantine station shall deem an immediate inspection necessary to protect the public health. Uniformity shall not be required in the hours during which quarantine inspection may be obtained at the various ports of the United States. (July 1, 1944, ch. 373, title III, § 364, 58 Stat. 704.)

The President, from time to time, shall specify the ports at which a medical officer shall be stationed for this purpose. Such bill of health shall set forth the sanitary history and condition of said vessel, and shall state that it has in all respects complied with the regulations prescribed pursuant to subsection (c). Original bills of health shall be delivered to the collectors of customs at the port of entry. Duplicate copies of such bills of health shall be delivered at the time of inspection to quarantine officers at such port. (e) Compliance with regulations.

It shall be unlawful for any vessel to enter any port in any State or possession of the United States to discharge its cargo, or land its passengers, except upon a certificate of the quarantine officer that regulations prescribed under subsection (c) have in all respects been complied with by such officer, the vessel, and its master. The master of every such vessel shall deliver such certificate to the collector of customs at the port of entry, together with the original bill of health and other papers of the vessel. The certificate required by this subsection shall be procurable from the quarantine officer, upon arrival of the vessel at the quarantine station and satisfactory inspection thereof, at any time within which quarantine services are performed at such station. (b) Any vessel which violates section 269 of this title, or any regulations thereunder or under section 267 of this title, or which enters within or departs from the limits of any quarantine station, ground, or anchorage in disregard of the quarantine rules and regulations or without permission of the officer in charge, shall forfeit to the United States not more than $5,000, the amount to be determined by the court, which shall be a lien on such vessel, to be recovered by proceedings in the proper district court of the United States. In all such proceedings the United States district attorney shall appear on behalf of the United States; and all such proceedings shall be conducted in accordance with the rules and laws governing cases of seizure of vessels for violation of the revenue laws of the United States.

(c) With the approval of the Administrator, the Surgeon General may, upon application therefor, remit or mitigate any forfeiture provided for under subsection (b) of this section, and he shall have authority to ascertain the facts upon all such applications. (a) In the event that the balance in a State's account in the Unemployment Trust Fund on June 30, 1945, or on the last day in any ensuing calendar quarter which ends prior to July 1, 1947, does not exceed a sum equal to the total contributions deposited in the Unemployment Trust Fund under the unemployment compensation law of the State during that one of the two calendar years next preceding such day in which such deposits were higher, the State shall be entitled, subject to the provisions of subsections (b) and (c) of this section, to have transferred from the Federal unemployment account to its account in the Unemployment Trust Fund an amount equal to the amount by which the unemployment compensation paid out by it in the calendar quarter ending on such day exceeded 2.7 per centum of the total remuneration which was paid during such quarter and was subject to the State unemployment compensation law.

(b) The Social Security Board is authorized and directed, on application of a State unemployment

compensation agency, to make findings as to whether the conditions for the transfer of moneys provided for in subsection (a) of this section have been met; and if such conditions exist, the Board is directed to certify, to the Secretary of the Treasury, from time to time, the amounts for transfer in order to carry out the purposes of this subchapter, reduced or increased, as the case may be, by any sum by which the Board finds that the amounts transferred for any prior quarter were greater or less than the amounts to which the State was entitled for such quarter. The application of a State agency shall be made on such forms, and contain such information and data, fiscal and otherwise, concerning the operation and administration of the State law, as the Board deems necessary or relevant to the performance of its duties hereunder.

(c) Any amount transferred to the account of any State under this section shall be treated as an advance, without interest, to the unemployment fund of such State and shall be repaid to the Federal unemployment account from the unemployment fund of that State to the extent that the balance in the State's account in the Unemployment Trust Fund, at the end of any calendar quarter, exceeds a sum equal to the total contributions deposited in the Unemployment Trust Fund under the unemployment compensation law of the State during that one of the two calendar years next preceding such day in which such deposits were higher. The Secretary of the Treasury shall, after the end of each calendar quarter, transfer from the unemployment account of each State in the Unemployment Trust Fund to the Federal unemployment account the amount required to be repaid from the unemployment fund of such State at the end of such quarter under this subsection. In order to provide housing for persons engaged in national-defense activities, and their families, and living quarters for single persons so engaged, in those areas or localities in which the President shall find that an acute shortage of housing exists or impends which would impede national-defense activities and that such housing would not be provided by private capital when needed, the Federal Works Administrator (hereinafter referred to as the "Administrator") is authorized:

(a) To acquire prior to the approval of title by the Attorney General (without regard to section 1339 of Title 10 and section 5 of Title 41), improved or unimproved lands or interests in lands by purchase, donation, exchange, lease (without regard to sections 40a and 34 of Title 40, or any time limit on the availability of funds for the payment of rent), or condemnation (including proceedings under sections 257, 258, 361–368, and 258a–258e of Title 40.)

(b) By contract or otherwise (without regard to section 1339 of Title 10, section 5 of Title 41, and section 40a of Title 40, or any Federal, State, or municipal laws, ordinances, rules, or regulations relating to plans and specifications or forms of contract, the approval thereof or the submission of estimates therefor) prior to the approval of title by the Attorney General to make surveys and investigations, plan, design, construct, remodel, extend, repair, or demolish structures, buildings, improvements, and community facilities, on lands or interests in lands acquired under the provisions of subsection (a) hereof or on other lands of the United States which may be available (transfers of which for this purpose by the Federal agency having jurisdiction thereof are hereby authorized notwithstanding any other provisions of law), provide proper approaches thereto, utilities, and transportation facilities, and procure necessary materials, supplies, articles, equipment, machinery, and do all things necessary in connection therewith to carry out the purposes of this subchapter: *Provided*, That the cost-plus-a-percentage-of-cost system of contracting shall not be used, but this proviso shall not be construed to prevent the use of the cost-plus-a-fixed-fee form of contract and so far as is consistent with emergency needs, contracts shall be subject to section 5 of Title 41: *Provided*, That the cost per permanent family-dwelling unit shall not exceed an average of $3,750 for all types of construction for those units located within the continental United States nor an average of $4,250 for those located elsewhere (exclusive of Alaska), and the cost of no family-dwelling unit shall exceed $4,500 within the continental United States or $4,750 elsewhere, except in the Territory of Alaska, where the cost shall not exceed $7,500, exclusive of expenses of administration, land acquisition, public utilities, and community facilities, and the aggregate cost of community facilities shall not

exceed 3 per centum of the total cost of all projects: *Provided further,* That where the Administrator shall consider that there is no reasonable prospect of disposing of such housing to meet a need extending beyond the emergency he shall construct temporary units: *Provided further,* That all items of cost with respect to each such family dwelling unit shall be separately estimated with a view toward economy, and no movable equipment shall be installed in such units, unless the Administrator shall, in any particular case, deem such installation to be in the public interest. Whenever the President finds that in any area or locality an acute shortage of public works or equipment for public works necessary to the health, safety, or welfare of persons engaged in national-defense activities exists or impends which would impede national-defense activities, and that such public works or equipment cannot otherwise be provided when needed, or could not be provided without the imposition of an increased excessive tax burden or an unusual or excessive increase in the debt limit of the taxing or borrowing authority in which such shortage exists, the Federal Works Administrator is authorized, with the approval of the President, in order to relieve such shortage—

(a) To acquire, prior to the approval of title by the Attorney General if necessary (without regard to section 1339 of Title 10, and section 5 of Title 41), improved or unimproved lands or interests in lands by purchase, donation, exchange, lease (without regard to section 40a of Title 40, as amended, section 34 of Title 40, or any time limit on the availability of funds for the payment of rent), or condemnation (including proceedings under sections 257, 258, 361–368, 258a–258e of Title 40), for such public works.

(b) By contract or otherwise (without regard to section 1339 of Title 10, section 5 of Title 41, section 40a of Title 40, or any Federal, State, or municipal laws, ordinances, rules, or regulations relating to plans and specifications or forms of contract, the approval thereof or the submission of estimates therefor), prior to the approval of title by the Attorney General if necessary, to plan, design, construct, remodel, extend, repair, or lease public works, and to demolish structures, buildings, and improvements, on lands or interests in lands acquired under the provisions of subsection (a) hereof or on other lands of the United States which may be available (transfers of which for this purpose by the Federal agency having jurisdiction thereof are hereby au-

thorized notwithstanding any other provisions of law), provide proper approaches thereto, utilities, and transportation facilities, and procure necessary materials, supplies, articles, equipment, and machinery, and do all things in connection therewith to carry out the purposes of this subchapter.

(c) To make loans or grants, or both, to public and private agencies for public works and equipment therefor, and to make contributions to public or private agencies for the maintenance and operation of public works, upon such terms and in such amounts as the Administrator may consider to be in the public interest. As used in this paragraph, the term "private agency" means any private agency no part of the net earnings of which inures to the benefit of any private shareholder or individual. § 1701. Injury or death; detention; limitation of benefits; exclusion.

(a) In case of injury or death resulting from injury—

(1) to any person employed by a contractor with the United States, if such person is an employee specified in sections 1651–1654 of this title, as amended, and no compensation is payable with respect to such injury or death under sections 1651–1654 of this title; or

This subsection shall not be construed to include any person who would otherwise come within the purview of sections 751–791 and 793 of Title 5, as amended.

(b) (1) Any person specified in subsection (a) who—

(A) is found to be missing from his place of employment, whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of an enemy, or

Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1702 (a) of this title: *Provided further*, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

title in such case have been made, and in like cases where a recovery is made or allowed, the Commission shall have the right of intervention and a lien and right of recovery to the extent of any payments paid and payable under this subchapter in such case, provided the cost of such wages, payments in lieu of wages, or other such right, may be directly or indirectly paid by the United States; and any amounts recovered under this subsection shall be covered into the fund established under section 785 of Title 5.

(d) Where a national of a foreign government is entitled to benefits on account of injury or death resulting from a war-risk hazard, under the laws of his native country or any other foreign country, the benefits of this subchapter shall not apply.

(e) If at the time a person sustains an injury coming within the purview of this subchapter said person is receiving workmen's compensation benefits on account of a prior accident or disease, said person shall not be entitled to any benefits under this subchapter during the period covered by such workmen's compensation benefits unless the injury from a war-risk hazard increases his disability, and then only to the extent such disability has been so increased. 1945—Act Apr. 19, 1945, cited to text, amended section generally and made it applicable after June 30, 1945.

§ 390. Utilization of dams and reservoir projects for irrigation purposes; additional construction; necessity of authorization; apportionment of cost; limitation.

Whenever the Secretary of War determines, upon recommendation by the Secretary of the Interior that any dam and reservoir project operated under the direction of the Secretary of War may be utilized for irrigation purposes, the Secretary of the Interior is authorized to construct, operate, and maintain, under the provisions of sections 372, 373, 381, 383, 391, 392, 411, 416, 419, 421, 431, 432, 434, 439, 461, 491, and 498 of this title, and Acts supplementary thereto, such additional works in connection therewith as he may deem necessary for irrigation purposes. Such irrigation works may be undertaken only after a report and findings thereon have been made by the Secretary of the Interior as provided in said sections and after subsequent specific authorization of the Congress by an authorization Act; and, within the limits of the water users' repayment ability such report may be predicated on the allocation to irrigation of an appropriate portion of the cost of structures and facilities used for irrigation and other purposes. Dams and reservoirs operated under the direction of the Secretary of War may be utilized after December 22, 1944, for irrigation purposes only in conformity with the provisions of this section, but the foregoing requirement shall not prejudice lawful uses now existing: *Provided,* That this section shall not apply to any dam or reservoir heretofore constructed in whole or in part by the Army engineers, which provides conservation storage of water for irrigation purposes. PAYMENT OF CONSTRUCTION CHARGES

§ 485b. Amendment of existing repayment contracts.

TERMINATION DATE OF MODIFICATION OF REPAYMENT CONTRACTS; DEFERMENT OF INSTALLMENTS UNDER REPAYMENT CONTRACTS

Section 3 of act Apr 24, 1945, ch 94, 59 Stat. 76, provided: "(a) The authority granted in sections 3 and 4 of this Act [sections 485b and 485c of this title] for modification of existing repayment contracts or other forms of obligations to pay construction charges shall continue through December 31, 1950, or December 31 of the fifth full calendar year after the cessation of hostilities in the present war, as determined by proclamation of the President or concurrent resolution of the Congress, whichever period is the longer.

"(b) The Secretary is hereby authorized, subject to the provisions of this subsection, to defer the time for the payment of such part of any installments of construction charges under any repayment contract or other form of obligation (exclusive of contracts entered into under this Act [this subchapter, and sections 375a, 380a, 387–389 of this title]) that are due and unpaid as of the date of this amendment or which will become due prior to the expiration of the authority under subsection (a) of this section as he deems necessary to adjust such installments to amounts within the probable ability of the water users to pay. Any such deferment shall be effected only after findings by the Secretary that the installments under consideration probably cannot be paid on their due dates

without undue burden on the water users, considering the various factors which in the Secretary's judgment bear on the ability of the water users so to pay.

"The Secretary may effect the deferments hereunder subject to such conditions and provisions relating to the operation and maintenance of the project involved as he deems to be in the interest of the United States. If, however, any deferments would affect installments to accrue more than twelve months after the action of deferment, they shall be effected only by a formal supplemental contract. Such a contract shall provide by its terms that, it being only an interim solution of the repayment problems dealt with therein, its terms are not, in themselves, to be construed as a criterion of the terms of any amendatory contract that may be negotiated pursuant to sections 3, 4, or 7 of this Act [sections 485b, 485c, or 485f of this title]."

(d) Variation of annual returns; variation of installment.

For each project contract unit where a repayment contract is entered into pursuant to this section, each year the percentage of the normal returns for said year by which the annual returns of said year exceed or are less than said normal returns shall be determined by the Secretary. For each unit or major fraction of a unit of said percentage of said increase or decrease there shall be an increase or decrease, respectively, of 2 per centum in the amount or amounts of the installment or installments for said year under the organization's obligation or obligations as determined under subsections (b) and (e) of this section. Said latter amount or amounts as thus increased or decreased shall be the payment or payments of construction charges due and payable for said year, except that in no event shall the amount of the said payment or payments due and payable for any year be less than 15 per centum nor, as determined by the Secretary, more than from 150 to 200 per centum, inclusive, of the amount or amounts of the installment or installments for said year under the organization's obligation or obligations as determined under subsections (b) and (e) of this section. The Secretary is authorized to amend any repayment contracts entered into prior to or after April 24, 1945, pursuant to the provisions of this section to conform to the provisions of this section. Contracts, so approved, however, may be amended from time to time by mutual agreement and without further approval by Congress if such amendments are within the scope of authority granted prior to or after April 24, 1945, to the Secretary under any Act, except that amendments providing for repayment of construction charges in a period of years longer than authorized by sections 375a, 380a, 387–389, and 485–485k of this title, shall be effective only when approved by Congress. EXECUTIVE ORDER NO. 9299

Feb. 4, 1943, 8 F R. 1669

PRESCRIBING REGULATIONS AND PROCEDURE WITH RESPECT TO WAGE AND SALARY ADJUSTMENTS FOR EMPLOYEES SUBJECT TO THE RAILWAY LABOR ACT

By virtue of the authority vested in me by the Constitution and statutes of the United States, and more particularly by the act of October 2, 1942 (Public Law 729, 77th Congress) [sections 961–971 of Appendix to Title 50], it is hereby ordered:

1. No increases in the wage rates or salary of any employee subject to the provisions of the Railway Labor Act [sections 151–188 of this title], whether granted as a result of voluntary agreement, collective bargaining, conciliation, arbitration, or otherwise, and no decreases in such wage rates or salary, shall be made except in accordance with the provisions of this order: *Provided, however,* that nothing contained in this order or Executive Order No. 9250 [50 App. § 901, note] shall be construed as affecting the procedure or limiting the jurisdiction of either the National Mediation Board, as defined in the Railway Labor Act, or the National Railway Labor Panel, as defined in Executive Order No. 9172, except as herein specifically set forth.

2 No carrier shall make any change in wage rates, except such changes as by general order of the National War Labor Board, or by regulations of the Commissioner of Internal Revenue, are permitted to be made without the specific approval of the Board or the Commissioner, as the case may be, unless notice of such proposed change shall have been filed with the Chairman of the National Railway Labor Panel, created by Executive Order No 9172, and shall have been permitted to become effective as hereinafter provided.

Notwithstanding § 4001.2 of the Regulations of the Economic Stabilization Director, for the purpose of determining what wage and salary adjustments may be made without any specific approval, the general orders of the National War Labor Board shall be applicable to all employees subject to the Railway Labor Act, except those receiving salaries at the rate of $5,000 or more per annum in regard to whom the regulations of the Commissioner of Internal Revenue shall apply. But any adjustment of salary under $5,000 heretofore approved by the Commissioner shall not be affected by this order.

3. If the Chairman of the National Railway Labor Panel has reason to believe that the proposed change, in wage rates or salary, may not conform to the standards prescribed in Executive Order No. 9250, or to the general stabilization program made effective thereunder, or to the directives on policy issued by the Economic Stabilization Director thereunder and the proposed change is not modified to conform to such standards, program, and directives, he shall designate three members of the Panel as an Emergency Board to investigate the proposed change and to report to the President. Otherwise, the Chairman of the Panel may permit the proposed change to become effective.

4. Emergency Boards, whether designated pursuant to the Railway Labor Act, Executive Order No 9172, or section 3 of this order, in reporting to the President shall certify that their recommendations in regard to any proposed change affecting wage and salary payments conform with the standards prescribed in Executive Order No. 9250, the general stabilization program made effective thereunder, and with the directives on policy issued by the Economic Stabilization Director thereunder.

5. Copies of the report with recommendations made to the President by any Emergency Board under section 4 of this order shall be filed by the Board forthwith with the Economic Stabilization Director, the National War Labor Board and the Commissioner of Internal Revenue. The Economic Stabilization Director may on behalf of himself or other departments and agencies concerned, report to the President the effect of the recommendations on the general stabilization program. Unless and except to the extent that the Economic Stabilization Director shall otherwise direct, the recommendations of the Emergency Board in regard to proposed changes affecting wages and salary payments shall, upon the expiration of thirty days after the report is filed with the President, become effective.

6. The National War Labor Board and the Commissioner of Internal Revenue shall either rule on any application for approval of wage and salary adjustments now before the Board and the Commissioner or transfer it to the Chairman of the National Railway Labor Panel. The Board and the Commissioner shall not rule on any application hereafter made.

AMENDMENTS

1942—Act April 8, 1942, cited to text affected first proviso in subsec. (c).

EFFECTIVE DATE

Act April 8, 1942, cited to text, besides amending this section, contained the following paragraph: "The amendment in this section shall operate in the same manner and have the same effect as if it had been part of the Railroad Retirement Act of 1937 (this subchapter) when that Act was enacted on June 24, 1937."

§ 228c–1. Military service.

(a) For the purposes of determining eligibility for an annuity and computing an annuity, including a minimum annuity, there shall also be included in an individual's years of service, within the limitations hereinafter provided in this section, voluntary or involuntary military service of an individual within or without the United States during any war service period, including such military service prior to April 8, 1942: *Provided, however,* That such military service shall be included only subject to and in accordance with the provisions of subsection (b) of section 228c of this title, in the same manner as though military service were service rendered as an employee: *Provided further,* That an individual who entered military service prior to a war service period shall not be regarded as having been in military service in a war service period with respect to any part of the period for which he entered such military service.

(b) For the purpose of this section and section 202 of the Act of June 24, 1937, chapter 382, as amended, an individual shall be deemed to have been in "military service" when commissioned or enrolled in the active service of the land or naval forces of the United States and until resignation or discharge therefrom; and the service of any individual in any reserve component of the land or naval forces of the United States, while serving in the land or naval forces of the United States for any period, even though less than thirty days, shall be deemed to have been active service in such force during such period.

(c) For the purpose of this section and section 202 of the Act of June 24, 1937, chapter 382, as amended, a "war service period" shall mean (1) any war period, or (2) with respect to any particular individual, any period during which such individual (i) having been in military service at the end of a war period, was required to continue in military service, or (ii) was required by call of the President, or by any Act of Congress or regulation, order, or proclamation pursuant thereto, to enter and continue in military service, or (3) any period after September 7, 1939, with respect to which a state of national emergency was duly declared to exist which requires a strengthening of the national defense.

• • • • •

(f) Military service shall not be included in the years of service of an individual unless, prior to the beginning of his military service in a war service period and in the same calendar year in which such military service began, or in the next preceding calendar year, the individual rendered service for compensation to an employer or to a person service to which is otherwise creditable under this subchapter, or lost time as an employee for which he received remuneration, or was serving as an employee representative.

• • • • •

(k) No person shall be entitled to an annuity, or to an increase in an annuity, based on military service unless a specific claim for credit for military service is filed with the Board by the individual who rendered such military service, and in no case shall an annuity, or an increase in an annuity, based on military service begin to accrue earlier than sixty days prior to the date on which such claim for credit for military service was filed with the Board nor before October 8, 1940: *Provided,* That this subsection shall not be construed to prevent payment of annuities with respect to accruals, not based on military service, prior to the date on which an annuity based on military service began to accrue.

(*l*) An individual who, before the ninety-first day after April 8, 1942, was awarded an annuity under this subchapter or former sections 215–228 of this title, but who had rendered military service which, if credited, would have resulted in an increase in his annuity, may, notwithstanding the previous award of an annuity, file with the Board an application for an increase in such annuity based on his military service. Upon the filing of such application, if the Board finds that the military service thus claimed is creditable and would result in an increase in the annuity, the Board, notwithstanding the previous award, shall recertify the annuity on an increased basis in the same manner as though the provisions making military service creditable had been in effect at the time of the original certification subject, however, to the provisions of subsection (k) of this section. If the annuity previously awarded is a joint and survivor annuity, the increased annuity shall be a joint and survivor annuity of the same type, the actuarial value of the increase to be computed as of the effective date of the increase: *Provided, however,* That if on the date the increase begins to accrue the individual has no spouse for whom the election of the joint and survivor annuity was made, the increase on a single life basis shall be added to the individual's annuity.

(m) In determining the amount of death benefits payable under section 228e of this title, there shall be added to the aggregate compensation (determined as provided in section 228e of this title) an amount equal to $160 multiplied by the number of months in which the deceased was in creditable military service after December 31, 1936: *Provided,* That if, under any other Act of Congress, there is payable with respect to the death of the individual any gratuitous death benefit, allowance, or pension by reason of military service on the basis of which, in whole or in part, death benefits payable under section 228e of this title are increased under the provisions of this subsection, the amount of such increase shall be reduced by the total amount payable under such other Act or, if such total amount is unascertainable in advance, by the actuarial value thereof, as determined by the Board.

(n) In addition to the amount authorized to be appropriated in subsection (a) of section 228o of this

title, there is hereby authorized to be appropriated to the Railroad Retirement Account for each fiscal year, beginning with the fiscal year ending June 30, 1941, (i) an amount sufficient to meet the additional cost of crediting military service rendered prior to January 1, 1937, and (ii) an amount found by the Board to be equal to the amount of the total additional excise and income taxes which would have been payable during the preceding fiscal year under Subchapter B of Chapter 9 of the Internal Revenue Code, as amended, with respect to the compensation, as defined in such Subchapter B, of all individuals entitled to credit under this subchapter and former sections 201–228 of this title for military service after December 31, 1936, if each of such individuals, in addition to compensation actually earned, had earned such compensation in the amount of $160 in each calendar month in which he was in such military service during such preceding fiscal year and such taxes were measured by all such compensation without limitation as to amount earned by any individual in any one calendar month. The additional cost of crediting military service rendered prior to January 1, 1937, shall be deemed to be the difference between the actuarial value of each annuity based in part on military service and the actuarial value of the annuity which would be payable to the same individual without regard to military service. In calculating these actuarial values, (1) whenever the annuity based in part on military service begins to accrue before age 60, the annuity without regard to military service shall be valued on the assumption of deferment to age 60, and whenever the annuity based in part on military service is awarded under subsection 2 (a) of section 228b (a) of this title, the annuity without regard to military service shall be valued on the assumption of deferment to age 65; and (2) all such actuarial values shall be calculated as of the date on which the annuity based on military service begins to accrue and shall not thereafter be subject to change. All such actuarial calculations shall be based on the Combined Annuity Table of Mortality and all calculations in this subsection shall take into account interest at the rate of 3 per centum per annum compounded annually The Railroad Retirement Board, as promptly as practicable after April 8, 1942, and thereafter annually, shall submit to the Bureau of the Budget estimates of such military service appropriations to be made to the account, in addition to the annual estimate by the Board, in accordance with subsection (a) of section 228o of this title, of the appropriation to be made to the account to provide for the payment of annuities, pensions and death benefits not based on military service. The estimate made in any year with respect to military service rendered prior to January 1, 1937, shall be based on the cost, as determined in accordance with the above provisions, of annuities awarded or increased on the basis of such military service up to the close of the preceding fiscal year and not previously appropriated for, and shall take into account interest from the date the annuity began to accrue or was increased to the date or dates on which the amount appropriated is to be credited to the Railroad Retirement Account. In making the estimate for the appropriation for military service rendered after December 31, 1936, the Board shall take into account any excess or deficiency in the appriation or appropriations for such service in any preceding fiscal year or years, with interest thereon, resulting from an overestimate or underestimate of the number of individuals in creditable military service or the months of military service. (As amended Apr. 8, 1942, ch. 227, §§ 1–8, 56 Stat. 204–206.)

(e) of this section, contained the following paragraph: "The amendment in this section shall operate in the same manner and have the same effect as if it had been part of the Railroad Unemployment Insurance Act (Title 45, § 351 et seq.) when that Act was enacted on June 25, 1938: *Provided, however,* That no interest or penalties shall accrue or be deemed to have accrued for the failure to make returns under, or pay contributions levied by, section 8 of said Railroad Unemployment Insurance Act (Title 45, § 358) with respect to the compensation of employees of any local lodge or division of a railway-labor-organization employer earned prior to July 1, 1940, and with respect to the compensation of employees of any general committee of a railway-labor-organization employer earned prior to the enactment of this amendment if, with respect to any such local lodge or division (1) the headquarters of such a local lodge or division was not located in the United States, or (2) all, or substantially all, the individuals constituting the membership of such a local lodge or division were employees of an employer not conducting the principal part of its business in the United States; and if, with respect to any such general committee (1) the individuals represented by such a general committee were employees of an employer not conducting the principal part of its business in the United States, or (2) the service to such a general committee was rendered outside the United States, or (3) the office or headquarters of the individual rendering service to such a general committee was not located in the United States and if such returns are made and such contributions are paid by such a local lodge or division or by such a general committee within the time allowed for making returns and paying contributions with respect to the first calendar quarter beginning after the enactment of this amendment."

§ 363. Exclusiveness of provisions; transfers from State unemployment compensation accounts to railroad unemployment insurance account.

* * * * *

(c) Withholding amounts from certification to States; transfers to railroad unemployment compensation account.

* * * * *

The withholdings from certification directed in each of the foregoing paragraphs of this subsection shall begin with respect to each State when the Social Security Board finds that such State is unable to avail itself of the condition set forth in the proviso contained in such paragraph. *Provided, however,* That if the Social Security Board finds with respect to any State that such State (1) is unable to avail itself of such conditions solely by reason of prohibitions contained in the constitution of such State, as determined by a decision of the highest court of such State declaring invalid in whole or in part the action of the legislature of the State purporting to provide for transfers from the State's account in the Unemployment Trust Fund to the railroad unemployment insurance account, and (2) for similar reasons is unable to use amounts withdrawn from its account in the Unemployment Trust Fund for the payment of expenses incurred in the administration of its State unemployment compensation law, the Social Security Board shall not begin to withhold from certification to the Secretary of the Treasury for payment to such State the amounts determined

by it pursuant to section 502 of Title 42 and to certify to the Secretary of the Treasury for payment into the railroad unemployment insurance account the amount so withheld from such State until July 1, 1944, or until a date one hundred and eighty days after the adjournment of the first session of the legislature of such State beginning after July 1, 1942, whichever date is the earlier, and then only if the Social Security Board finds that such State had not prior thereto effectively authorized and directed the Secretary of the Treasury to transfer from such State's account in the Unemployment Trust Fund to the railroad unemployment insurance account amounts equal to such State's "preliminary amount" and "liquidating amount" less such parts thereof, if any, as the State may have, within the periods set forth in the provisos contained in the first two paragraphs of this subsection, effectively authorized and directed the Secretary of the Treasury so to transfer, plus interest on such difference, if any, with respect to each amount, at 2½ per centum per annum from the date the State's "preliminary amount" or "liquidating amount", as the case may be, is determined by the Social Security Board; and with respect to any such State the amount withheld shall equal the State's "preliminary amount" and "liquidating amount" less such parts thereof, if any, as the State may have, within the periods set forth in the provisos contained in the first two paragraphs of this subsection effectively authorized and directed the Secretary of the Treasury to transfer, plus interest from July 1, 1939, at 2½ per centum per annum on so much of the "preliminary amount" and "liquidating amount", as the case may be, as has not been so transferred or has not been used as the measure for withholding. An enactment of any State legislature providing for the transfer (from the State's account in the Unemployment Trust Fund to the railroad unemployment insurance account) of all interest earned upon contributions which are collected with respect to employment occurring after such enactment by such State pursuant to its unemployment compensation law and credited to its account in the Unemployment Trust Fund (until the total of such transfers equals the amounts which otherwise would be required to be withheld from certification under this subsection), shall be deemed an effective authorization and direction to the Secretary of the Treasury as required by this subsection; and for purposes of computing the interest to be so transferred, amounts withdrawn by such State from its account in the Unemployment Trust Fund after the date of such State enactment shall be considered to be first charged against the amounts credited to such State's account prior to the date of such State enactment: *Provided, however,* That if at any time after such enactment the provision for transfer therein contained for any reason fails to be operative to effect the transfers of interest as therein prescribed, and such State has not otherwise made an effective authorization and direction to the Secretary of the Treasury as required by this subsection, the Social Security Board shall immediately after such failure or, on the date otherwise provided in this subsection for the beginning of withholdings from certification, whichever is later, begin to make the withholdings from certification provided for in this subsection in the same manner and to the same extent as if such enactment by such State had not been enacted, except that the amounts of the certifications withheld shall be reduced by the total amount, if any, which has been transferred from interest pursuant to such enactment. (As amended June 30, 1942, ch. 463, 56 Stat. 465.)

INTERNATIONAL LOAD LINE CONVENTION

The President has the power to declare the International Load Line Convention, May 1, 1931, 47 Stat. 2228, either inoperative or suspended due to changed conditions arising out of present war, and upon such declaration the Secretary of Commerce would be free to set load lines pursuant to sections 85–85g of this title without regard to the convention.

LOAD LINES FOR VESSELS ENGAGED IN COASTWISE TRADE

§ 88a. Determination of load-water lines by Secretary of Commerce; application of provisions to Great Lakes.

The Secretary of Commerce is hereby authorized and directed in respect of the vessels defined in section 88 of this title to establish by regulations from time to time the load-water lines and marks thereof indicating the maximum depth to which such vessels may safely be loaded and in establishing such load lines due consideration shall be given to, and differentials made for, the various types and character of vessels and the trades in which they are engaged. In establishing load-water lines on passenger vessels due consideration shall be given to, and differentials shall be made for, the age and condition of the vessel, its subdivision and efficacy thereof, and the probable stability of the vessel if damaged: *Provided*, That the load-line provisions of sections 88–88i of this title shall apply to the Great Lakes and that no load line shall be established or marked on any vessel which load line gives a lesser freeboard and less buoyance than the load line established by the International Treaty on Load Lines of 1930, and that the regulations established under this proviso shall have the force of law: *Provided further*, That in applying the load lines to vessels on the Great Lakes and to steam colliers, tugs, barges, and self-propelled barges engaged in special services on inter-island voyages and on coastwise voyages from port to port in the continental United States the Secretary of Commerce is vested with discretion to vary the load-line marks from those established by said treaty when in his opinion the changes made by him will not be above the actual line of safety: *Provided, however*, That during the national emergency proclaimed by the President on May 27, 1941, to exist, but not after June 30, 1943, load lines may be established or marked on any vessel (except a passenger vessel), while engaged on a coastwise voyage by sea from port to port in the continental United States,

which load line gives a lesser free board[1] and less buoyance than the load line established by the International Treaty on Load Lines of 1930, when, in the opinion of the Secretary of Commerce, such load line will not be above the actual line of safety. Sec.
791 Stay of proceedings during war; certificate of Secretary of the Navy; process to preserve evidence (New).

793 Definition of "vessels of the Navy or in the naval service" (New)
794. Certification extending or shortening stay; notice to reconsider; secret hearings; investigations (New).
795 Affidavits, statements, or testimony in lieu of direct evidence where proceedings stayed (New).

798 Reports by Secretary of the Navy (New).

§ 791. Stay of proceedings during war; certificate of Secretary of the Navy; process to preserve evidence.

Whenever in time of war the Secretary of the Navy shall certify to a court in which is pending a suit of the nature hereinafter defined, or to a judge of such court, that the prosecution of such suit would tend to endanger the security of naval operations in such war, or to interfere with such operations, all further proceedings in such suit shall forthwith be stayed until six months after the cessation of hostilities in such war, or until such earlier date as may be stated in such certificate. The suits to which sections 791–798 of this title apply are defined as follows: All suits under sections 781–790 of this title, wherein a claim is made for damages caused by a vessel of the Navy, or in the naval service, or for compensation for towage or salvage services, including contract salvage, rendered to any such vessel. The stay of proceedings in pending suits as provided in this section shall not operate to suspend the issuance of process to take or preserve evidence to be used in the trial of the issues of the suit, or to prevent the completion of action under the authority of similar process already issued at the time of such stay of suit: *Provided,* That if at the time of certification by the Secretary of the Navy for stay of proceedings, as provided in this section, or at any time thereafter prior to the termination of stay, the Secretary of the Navy shall file with the court an additional certificate that the issuance of such process to preserve evidence or the completion of action on process already issued would tend to endanger the security of the United States or any of the naval or military operations in such war, or to interfere with such operations, then all such proceedings for the taking or preserving of evidence to be used by either party in the trial of the issues in such suit shall be suspended until six months after the cessation of hostilities in such war, or until such earlier date as shall have been fixed in the certificate for stay of proceedings in such suit. (July 3, 1944, ch 399, § 1, 58 Stat. 723.)

§ 792. Stay of proceedings to take testimony.

Whenever in time of war the Secretary of the Navy shall certify to the court, or a judge of the

court in which proceedings for the purpose are pending, that the granting of a dedimus potestatem to take depositions, or a direction to take depositions in perpetuam rei memoriam, or the taking of depositions or production of evidence pursuant to such dedimus potestatem or direction, or pursuant to any other proceeding for the purpose, in connection with or in relation to any claim against the United States on which such suit would lie, would tend to endanger the security of the United States or any of the Naval or military operations in such war, or to interfere with such operations, then such dedimus potestatem shall not be granted, such direction shall not be made, and such deposition shall not be taken or evidence produced, until six months after the cessation of hostilities in such war, or such earlier date as may be stated in such certificate, and if prior to filing such certificate such proceedings shall have been commenced, the same shall upon filing such certificate forthwith be stayed until six months after cessation of such hostilities or such earlier date as may be stated in such certificate. (July 3, 1944, ch. 399, § 2, 58 Stat. 724.)

§ 793. Definition of "vessels of the Navy or in the naval service".

The phrase "vessels of the Navy or in the naval service" shall include, for the purposes of sections 791–798 of this title, in addition to all vessels of the Navy, and of the Coast Guard when operating as a part of the Navy, all vessels manned by the Navy, including the Coast Guard when operating as a part of the Navy, and all vessels chartered on bareboat charter to the Navy, or to the Coast Guard when the Coast Guard is operating as a part of the Navy. (July 3, 1944, ch. 399, § 3, 58 Stat. 724.)

§ 794. Certification extending or shortening stay; notice to reconsider; secret hearings; investigations.

At any time while a stay or suspension, either of prosecution of suit or of the taking of testimony is in effect under sections 791–798 of this title the Secretary of the Navy may file with such court or judge his certificate extending or shortening the time stated in his prior certificate, during which the prosecution of such suit or the taking of such deposition or production of evidence would tend to endanger the security of the United States or of such operations in time of war, or to interfere therewith. Any claimant or party deeming himself adversely affected by a stay under the provisions of sections 791–798 of this title may serve on the Secretary of the Navy at Washington, District of Columbia, a written notice, requesting the Secretary of the Navy to reconsider the stay previously issued and to issue a further certificate. Such written notice shall identify the stay then in effect by attaching a copy of the certificate of the Secretary of the Navy upon which the stay is based or by a description sufficient for its identification. The said notice shall not contain any recital of the facts or circumstances involved. Within ten days after receipt of such notice, the Secretary of the Navy or some official designated by him, shall hold in secret a hearing at which the claimant or his representative may present such facts and arguments as he may think material with respect to the question as to whether or not a stay should be issued or maintained. Within ten days after such hearing, the Secretary of the Navy shall file with the court in which said stay is pending, or the court in which the proceeding stayed was instituted, his further certificate stating whether the stay shall then be terminated, or for what time the stay is to continue in effect. If the Secretary of the Navy shall fail to file such further certificate, the court, upon application by such claimant or party, shall issue its order directing the Secretary of the Navy to file a certificate within the time to be specified in such order. Any certificate issued by the Secretary of the Navy shall remain in effect for the time stated therein or until it is terminated or altered by a further certificate. The filing of any further certificate under this section shall extend or shorten the time, as the case may be, during which the stay in relation to which it is made shall continue in effect, to the time stated in such further certificate, or shall terminate such stay if it be so stated in such further certificate: *Provided*, That in no case shall any stay under sections 791–798 of this title remain in force longer than six months after the cessation of hostilities in such war.

Any certificate issued by the Secretary of the Navy pursuant to sections 791–798 of this title may, in his discretion, be restricted, so that it stays only the taking of testimony of certain witnesses or evidence on certain subjects, in which event such proceedings as are not so stayed may continue.

Before making any certificate provided for in sections 791–798 of this title, the Secretary of the Navy shall make or cause to be made such investigation of the case to which the certificate relates as to satisfy himself that the issuance of the certificate for the purposes authorized by sections 791–798 of this title is necessary. (July 3, 1944, ch. 399, § 4, 58 Stat 724.)

§ 795. Affidavits, statements, or testimony in lieu of direct evidence where proceedings stayed.

In any case in which either the United States or a claimant against the United States in one of the cases specified in section 791 of this title has been prevented by any stay or suspension provided for in sections 791–798 of this title from examining any witness, and in any case where the United States shall establish to the satisfaction of the court that it has refrained from instituting suit or from taking the testimony of any witness in any pending suit in order to avoid endangering the security of naval operations or interfering with such operations and where, in either of such cases, it shall appear to the satisfaction of the court, on appropriate evidence or by agreement by counsel, that the United States or the claimant, as the case may be, is unable after reasonable efforts to secure the testimony of any such witness, the court shall receive in evidence, in lieu of such testimony, (a) the affidavit of such witness, duly sworn to before a notary public or other authorized officer, or (b) the statement or testimony of such witness before a naval investigation, board of investigation, court of inquiry, or court martial,

or Coast Guard investigation: *Provided,* That the use of such testimony shall not in any litigation make admissible the remainder of the said record or compel the production of the remainder of said record by the United States.

In considering such affidavit or statement or testimony, the court shall give such weight to it as the court thinks proper under all the circumstances of the case. (July 3, 1944, ch. 399, § 5, 58 Stat. 725.)

§ 796. Stay of proceedings as tolling statute.

The time during which a claimant may file suit of the nature described in section 791 of this title upon a claim against the United States shall be computed by excluding the time during which a stay under section 792 of this title, or any extension thereof, shall be in effect as to any proceedings by or on behalf of such claimant for the taking of a deposition or the production of evidence in connection with or in relation to such claim. (July 3, 1944, ch. 399, § 6, 58 Stat. 726.)

§ 797. Adjustment, compromise, settlement, etc., of claims; conclusiveness; limitation of amount; certification to Congress.

The Secretary of the Navy is authorized to consider, ascertain, adjust, determine, compromise, or settle claims for damages caused by vessels of the Navy or in the naval service, and for compensation for towage and salvage services, including contract salvage, rendered to such vessels, and to pay the amount of any claim so determined, compromised, or settled, and upon acceptance of such payment by the claimant, and not until then such determination, settlement, or compromise of such claim shall be final and conclusive for all purposes, any law to the contrary notwithstanding: *Provided,* That this section, as respects the determination, compromise, settlement, and payment of claims, shall be supplementary to, and not in lieu of all other provisions of law authorizing consideration, adjustment, determination, settlement, and payment of claims: *Provided further,* That no claim in excess of $3,000 shall be considered hereunder which accrued prior to September 8, 1939: *Provided further,* That all payments of claims made under this section shall be made out of the appropriation "miscellaneous expenses, Navy": *And provided further,* That the payment of any claim on which a net amount exceeding $1,000 000 is determined to be due from the United States, or which is compromised or settled at a net amount exceeding $1,000,000 payable by the United States, shall not be authorized by this section, and all claims determined, compromised, or settled hereunder at a net amount exceeding $1,000,000 payable by the United States shall be certified by the Secretary of the Navy to the Congress. (July 3, 1944, ch. 399, § 7, 58 Stat. 726.)

§ 798. Reports by Secretary of the Navy.

(a) On payment of any claim determined, compromised, or settled under section 797 of this title at a net amount exceeding $3,000, but not exceeding $1,000,000, payable by the United States, the Secretary of the Navy within twenty days of payment shall file a report with the Naval Affairs Committee of the Senate and House of Representatives setting forth the nature of the claim, the vessel or vessels involved, the amount paid with respect thereto, the basis of the determination, compromise, or settlement, and other pertinent facts: *Provided,* That during any war the reports required under this section may omit any fact or facts disclosure of which, in the opinion of the Secretary, would be prejudicial to the National security.

(b) Subject to the proviso of subsection (a) of this section, the Secretary of the Navy shall report to the Congress, at each session thereof, all claims which have been paid under sections 791–793 of this title. (July 3, 1944, ch. 399, § 8, 58 Stat. 726.)

§ 1128d. Actions on claims for losses; jurisdiction of courts.

In the event of disagreement as to a claim for losses or the amount thereof, on account of insurance under sections 1128–1128h of this title, an action on the claim may be brought and maintained against the United States in the district court of the United States sitting in admiralty in the district in which the claimant or his agent may reside, or in case the claimant has no residence in the United States, in a district court in which the Attorney General of the United States shall agree to accept service. Said suits shall proceed and shall be heard and determined according to the provisions of sections 741–752 of this title insofar as such provisions are not inapplicable and are not contrary to or inconsistent with the provisions of sections 1128–1128h of this title. All persons having or claiming to have an interest in such insurance, or who it is believed might assert such an interest, may be made parties to such suit, either initially or upon the motion of either party. In any case where the Commission acknowledges the indebtedness of the United States on account of such insurance, and there may be a dispute as to the person or persons entitled to receive payment, the United States may bring an action in the nature of a bill of interpleader against the persons having or claiming to have any interest in such insurance, or who it is believed might assert such an interest, in the District Court of the United States for the District of Columbia, or in the district court in and for the district in which any such person resides. In either of such actions any person claiming to have an interest in such insurance, or who it is believed might assert such an interest, if not an inhabitant of or found within the district within which either of such actions is brought, may be brought in by order of the court to be served personally or by publication or in such other reasonable manner as the court may direct, and if it be shown to the satisfaction of the court that persons unknown might assert a claim on account of such insurance, the court may direct service upon such persons unknown by publication in the Federal Register. Judgment in any such action shall discharge the United States from further liability to any parties to such action, and to all persons where service by publication upon persons unknown is directed by the court. The procedure herein provided shall apply to all actions now pending against the United States under the provisions of sections 1128–1128h, as amended. § 1161. Reserve funds for construction or acquisition of vessels; taxation.

* * * * *

(b) Establishment of construction reserve funds.

For the purposes of promoting the construction of vessels necessary to carrying out the policy set forth in section 1101 of this title, any citizen of the United States who is operating a vessel or vessels in the foreign or domestic commerce of the United States or in the fisheries or owns in whole or in part a vessel or vessels being so operated, or who, at the time of purchase or requisition of the vessel by the Government, was operating a vessel or vessels so engaged or owned in whole or in part a vessel or vessels being so operated or had acquired or was having constructed a vessel or vessels for the purpose of operation in such commerce or in the fisheries, may establish a construction reserve fund, for the construction or acquisition of new vessels, to be composed of deposits of proceeds from sales of vessels, indemnities on account of losses of vessels, earnings from the operation of vessels, and receipts, in the form of interest or otherwise, with respect to amounts previously deposited. Such construction reserve fund shall be established, maintained, expended, and used in accordance with the provisions of this section and rules or regulations to be prescribed jointly by the Commission and the Secretary of the Treasury.

(c) Recognition of gain for taxation where proceeds of sale or indemnity for loss deposited in fund.

In the case of the sale or actual or constructive total loss of a vessel, if the taxpayer deposits an amount equal to the net proceeds of the sale or to the net indemnity with respect to the loss in a construction reserve fund established under subsection (b), then—

(1) if the taxpayer so elects in his income-tax return for the taxable year in which the gain was realized, or

(2) in case a vessel is purchased or requisitioned by the United States, or is lost, in any taxable year beginning after December 31, 1939, and prior to January 1, 1944, and the taxpayer receives payment for the vessel so purchased or requisitioned, or receives from the United States indemnity on account of such loss, subsequent to the end of such taxable year, if the taxpayer so elects prior to March 31, 1945, or prior to the expiration of sixty days after the receipt of the payment or indemnity, whichever is later, and in accordance with a form of election to be prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, no gain shall be recognized to the taxpayer in respect of such sale or indemnification in the computation of net income for the purposes of Federal income or excess-profits taxes. If an election is made under subdivision (2) and if computation or recomputation in accordance with this subsection is otherwise allowable but is prevented, on the date of making such election or within six months thereafter, by any statute of limitation, such computation or recomputation nevertheless shall be made notwithstanding such statute if a claim therefor is filed within six months after the date of making such election. For the purposes of this subsection no amount shall be considered as deposited in a construction reserve fund unless it is deposited within sixty days after it is received by the taxpayer except that (1) in the case of amounts received before December 10, 1940, the deposit may be made not later than February 7, 1941, and (2) in the case of amounts received at any time between May 27, 1941, and the date of enactment of this amendatory clause, the deposit of which by the taxpayer is authorized by the amendments to subsection (b), the taxpayer may make such deposit at any time within one hundred and twenty days from such date of enactment, and the Commission may approve any such deposit previously made if, in other respects, it complies with the provisions of this section, as amended. As used in this subsection the term "net proceeds" and the term "net indemnity" mean the sum of (1) the adjusted basis of the vessel and (2) the amount of gain which would be recognized to the taxpayer without regard to this subsection.

* * * * *

(g) Benefits of section conditioned upon manner and time of expenditure of deposits.

The provisions of subsections (c) and (f) shall apply to any deposit in the construction reserve fund only to the extent that such deposit is expended or obligated for expenditure, in accordance with rules and regulations to be prescribed jointly by the Commission and the Secretary of the Treasury, under a contract for the construction or acquisition of a new vessel or vessels (or in the discretion of the Commission, for a part interest therein) entered into within two years from the date of such deposit only if under such rules and regulations—

(1) within such period of two years not less than 12½ per centum of the construction or contract price of the vessel or vessels is paid or irrevocably committed on account thereof and the plans and

specifications therefor are approved by the Commission to the extent by it deemed necessary; and

(2) in case of a vessel or vessels not constructed under the provisions of sections 1151–1161 of this title or not purchased from the Commission, (A) said construction is completed, within six months from the date of the construction contract, to the extent of not less than 5 per centum thereof (or in case the contract covers more than one vessel, the construction of the first vessel so contracted for is so completed to the extent of not less than 5 per centum) as estimated by the Commission and certified by it to the Secretary of the Treasury, and (B) all construction under such contract is completed with reasonable dispatch thereafter.

(h) Same; extensions of time.

The Commission is authorized under rules and regulations to be prescribed jointly by the Secretary of the Treasury and the Commission to grant extensions of the period within which the deposits shall be expended or obligated or within which construction shall have progressed to the extent of 5 per centum of completion as provided herein, but such extension shall not be for an aggregate additional period in excess of two years with respect to the expenditure or obligation of such deposits or more than one year with respect to the progress of such construction: *Provided, however*, That until the termination of the present war or until such earlier time as the Congress by concurrent resolution or the President may designate, in addition to the extensions hereinbefore permitted, further extensions may be granted ending not later than six months after such termination of the present war or such earlier date as may be so designated.

The terms "contract for the construction" and "construction contract", as used in this section, shall include, in the case of a taxpayer who constructs a new vessel in a shipyard owned by such taxpayer, an agreement between such taxpayer and the Commission with respect to such construction and containing provisions deemed necessary or advisable by the Commission to carry out the purposes and policy of this section. § 214. Extension of lines; certificate of public convenience and necessity; discontinuance of service.

(a) No carrier shall undertake the construction of a new line or of an extension of any line, or shall acquire or operate any line, or extension thereof, or shall engage in transmission over or by means of such additional or extended line, unless and until there shall first have been obtained from the Commission a certificate that the present or future public convenience and necessity require or will require the construction, or operation, or construction and operation, of such additional or extended line: *Provided*, That no such certificate shall be required under this section for the construction, acquisition, or operation of (1) a line within a single State unless such line constitutes part of an interstate line, (2) local, branch, or terminal lines not exceeding ten miles in length, or (3) any line acquired under section 221 or 222 of this title: *Provided further*, That the Commission may, upon appropriate request being made, authorize temporary or emergency service, or the supplementing of existing facilities, without regard to the provisions of this section. No carrier shall discontinue, reduce, or impair service to a community, or part of a community, unless and until there shall first have been obtained from the Commission a certificate that neither the present nor future public convenience and necessity will be adversely affected thereby; except that the Commission may, upon appropriate request being made, authorize temporary or emergency discontinuance, reduction, or impairment of service, or partial discontinuance, reduction, or impairment of service, without regard to the provisions of this section. As used in this section the term "line" means any channel of communication established by the use of appropriate equipment, other than a channel of communication established by the interconnection of two or more existing channels: *Provided, however*, That nothing in this section shall be construed to require a certificate or other authorization from the Commission for any installation, replacement, or other changes in plant, operation, or equipment, other than new construction, which will not impair the adequacy or quality of service provided.

(b) Upon receipt of an application for any such certificate, the Commission shall cause notice thereof to be given to, and shall cause a copy of such application to be filed with, the Secretary of War, the Secretary of the Navy, and the Governor of each State in which such line is proposed to be constructed, extended, acquired, or operated, or in which such discontinuance, reduction, or impairment of service is proposed, with the right to those notified to be heard; and the Commission may require such published notice as it shall determine.

(c) The Commission shall have power to issue such certificate as applied for, or to refuse to issue it, or to issue it for a portion or portions of a line, or extension thereof, or discontinuance, reduction, or impairment of service, described in the application, or for the partial exercise only of such right or privilege, and may attach to the issuance of the certificate such terms and conditions as in its judgment the public convenience and necessity may require. After issuance of such certificate, and not before, the carrier may, without securing approval other than such certificate, comply with the terms and conditions contained in or attached to the issuance of such certificate and proceed with the construction, extension, acquisition, operation, or discontinuance, reduction, or impairment of service covered thereby. Any construction, extension, acquisition, operation, discontinuance, reduction, or impairment of service contrary to the provisions of this section may be enjoined by any court of competent jurisdiction at the suit of the United States, the Commission, the State commission, any State affected, or any party in interest.

(d) The Commission may, after full opportunity for hearing, in a proceeding upon complaint or upon its own initiative without complaint, authorize or require by order any carrier, party to such proceeding, to provide itself with adequate facilities for the expeditious and efficient performance of its service as a common carrier and to extend its line or to establish a public office; but no such authorization or order shall be made unless the Commission finds, as to such provision of facilities, as to such establishment of public offices, or as to such extension, that it is reasonably required in the interest of public convenience and necessity, or as to such extension or facilities that the expense involved therein will not impair the ability of the carrier to perform its duty to the public. Any carrier

which refuses or neglects to comply with any order of the Commission made in pursuance of this paragraph shall forfeit to the United States $100 for each day during which such refusal or neglect continues. (As amended Mar. 6, 1943, ch. 10, §§ 2–5, 57 Stat. 11.)

In finding whether any proposed consolidation or merger is in the public interest, the Commission shall give due consideration, among other things, to the financial soundness of the carrier resulting from such consolidation or merger.

(2) Any proposed consolidation or merger of domestic telegraph carriers shall provide for the divestment of the international telegraph operations theretofore carried on by any party to the consolidation or merger, within a reasonable time to be fixed by the Commission, after the consideration for the property to be divested is found by the Commission to be commensurate with its value, and as soon as the legal obligations, if any, of the carrier to be so divested will permit. The Commission shall require at the time of the approval of such consolidation or merger that any such party exercise due diligence in bringing about such divestment as promptly as it reasonably can.

(d) Alien ownership of capital stock.

No proposed consolidation or merger of telegraph carriers pursuant to this section shall be approved by the Commission if, as a result of such consolidation or merger, more than one-fifth of the capital stock of any carrier which is subject to the jurisdiction of the Commission will be owned or controlled, or voted, directly or indirectly, (1) by any alien or the representative of any alien, (2) by any foreign government or the representative thereof, (3) by any corporation organized under the laws of any foreign government, or (4) by any corporation of which any officer or director is an alien, or of which more than one-fifth of the capital stock is owned or controlled, or voted, directly or indirectly, by any alien or the representative of any alien, by any foreign government or the representative thereof, or by any corporation organized under the laws of a foreign government.

(e) Distribution of telegraph traffic among international carriers; contiguous foreign country defined; intervention of Commission; international and domestic operations construed.

(1) In the case of any consolidation or merger of telegraph carriers pursuant to this section, the consolidated or merged carrier shall, except as provided in paragraph (2) of this subsection, distribute among the international telegraph carriers, telegraph traffic by wire or radio destined to points without the continental United States, and divide the charges for such traffic, in accordance with such just, reasonable, and equitable formula in the public interest as the interested carriers shall agree upon and the Commission shall approve: *Provided, however,* That in case the interested carriers should fail to agree upon a formula which the Commission approves as above provided, the Commission, after due notice and hearing, shall prescribe in its order approving and authorizing the proposed consolidation or merger a formula which it finds will be just, reasonable, equitable, and in the public interest, will be, so far as is consistent with the public interest, in accordance with the existing contractual rights of the carriers, and will effectuate the purposes of this subsection.

(2) In the case of any consolidation or merger pursuant to this section of telegraph carriers which immediately prior to such consolidation or merger, interchanged traffic with telegraph carriers in a contiguous foreign country, the consolidated or merged carrier shall distribute among such foreign telegraph carriers, telegraph traffic by wire or radio destined to points in such contiguous foreign country and shall divide the charges therefor, in accordance with such just, reasonable, and equitable formula in the public interest as the interested carriers shall agree upon and the Commission shall approve: *Provided, however,* That in case the interested carriers should fail to agree upon a formula which the Commission approves as above provided, the Commission, after due notice and hearing, shall prescribe in its order approving and authorizing the proposed consolidation or merger a formula which it finds will be just, reasonable, equitable, and in the public interest, will be, so far as is consistent with the public interest, in accordance with the existing contractual rights of the carriers, and will effectuate the purposes of this subsection. As used in this paragraph, the term "contiguous foreign country" means Canada, Mexico, or Newfoundland.

(3) Whenever, upon a complaint or upon its own initiative, and after a full hearing, the Commission finds that any such distribution of telegraph traffic

among telegraph carriers, or any such division of charges for such traffic, which is being made or which is proposed to be made, is or will be unjust, unreasonable, or inequitable, or not in the public interest, the Commission shall by order prescribe the distribution of such telegraph traffic, or the division of charges therefor, which will be just, reasonable, equitable, and in the public interest, and will be, so far as is consistent with the public interest, in accordance with the existing contractual rights of the carriers.

(4) For the purposes of this subsection, the international telegraph operations of any domestic telegraph carrier shall be considered to be the operations of an independent international telegraph carrier, and the domestic telegraph operations of any international telegraph carrier shall be considered to be the operations of an independent domestic telegraph carrier.

(f) Protection of employees.

(1) Each employee of any carrier which is a party to a consolidation or merger pursuant to this section who was employed by such carrier immediately preceding the approval of such consolidation or merger, and whose period of employment began on or before March 1, 1941, shall be employed by the carrier resulting from such consolidation or merger for a period of not less than four years from the date of the approval of such consolidation or merger, and during such period no such employee shall, without his consent, have his compensation reduced or be assigned to work which is inconsistent with his past training and experience in the telegraph industry.

(2) If any employee of any carrier which is a party to any such consolidation or merger, who was employed by such carrier immediately preceding the approval of such consolidation or merger, and whose period of employment began after March 1, 1941, is discharged as a consequence of such consolidation or merger by the carrier resulting therefrom, within four years from the date of approval of the consolidation or merger, such carrier shall pay such employee at the time he is discharged severance pay in cash equal to the amount of salary or compensation he would have received during the full four-week period immediately preceding such discharge at the rate of compensation or salary payable to him during such period, multiplied by the number of years he has been continuously employed immediately preceding such discharge by one or another of such carriers who were parties to such consolidation or merger, but in no case shall any such employee receive less severance pay than the amount of salary or compensation he would have received at such rate if he were employed during such full four-week period: *Provided, however,* That such severance pay shall not be required to be paid to any employee who is discharged after the expiration of a period, following the date of approval of the consolidation or merger, equal to the aggregate period during which such employee was in the employ, prior to such date of approval, of one or more of the carriers which are parties to the consolidation or merger.

(3) For a period of four years after the date of approval of any such consolidation or merger, any employee of any carrier which is a party to such consolidation or merger who was such an employee on such date of approval, and who is discharged as a result of such consolidation or merger, shall have a preferential hiring and employment status for any position for which he is qualified by training and experience over any person who has not theretofore been an employee of any such carrier.

(4) If any employee is transferred from one community to another, as a result of any such consolidation or merger, the carrier resulting therefrom shall pay, in addition to such employee's regular compensation as an employee of such carrier, the actual traveling expenses of such employee and his family, including the cost of packing, crating, drayage, and transportation of household goods and personal effects.

(5) In the case of any consolidation or merger pursuant to this section, the consolidated or merged carrier shall accord to every employee or former employee, or representative or beneficiary of an employee or former employee, of any carrier which is a party to such consolidation or merger, the same pension, health, disability, or death insurance benefits, as were provided for prior to the date of approval of the consolidation or merger, under any agreement or plan of any carrier which is a party to the consolidation or merger which covered the greatest number of the employees affected by the consolidation or merger; except that in any case in which, prior to the date of approval of the consolidation or merger, an individual has exercised his right of retirement, or any right to health, disability, or death insurance benefits has accrued, under any agreement or plan of any carrier which is a party to the consolidation or merger, pension, health, disability, or death insurance benefits, as the case may be, shall be accorded in conformity with the agreement or plan under which such individual exercised such right of retirement or under which such right to benefits accrued. For purposes of determining and according the rights and benefits specified in this paragraph, any period spent in the employ of the carrier of which such individual was an employee at the time of the consolidation or merger shall be considered to have been spent in the employ of the consolidated or merged carrier. The application for approval of any consolidation or merger under this section shall contain a guaranty by the proposed consolidated carrier that there will be no impairment of any of the rights or benefits specified in this paragraph.

(6) Any employee who, since August 27, 1940, has left a position, other than a temporary position, in the employ of any carrier which is a party to any such consolidation or merger, for the purpose of entering the military or naval forces of the United States, shall be considered to have been in the employ of such carrier during the time he is a member of such forces, and, upon making an application for employment with the consolidated or merged carrier within forty days from the time he is relieved

from service in any of such forces under honorable conditions, such former employee shall be employed by the consolidated or merged carrier and entitled to the benefits to which he would have been entitled if he had been employed by one of such carriers during all of such period of service with such forces; except that this paragraph shall not require the consolidated or merged carrier, in the case of any such individual, to pay compensation, or to accord health, disability, or death insurance benefits, for the period during which he was a member of such forces. If any such former employee is disabled and because of such disability is no longer qualified to perform the duties of his former position but otherwise meets the requirements for employment, he shall be given such available employment at an appropriate rate of compensation as he is able to perform and to which his service credit shall entitle him.

(7) No employee of any carrier which is a party to any such consolidation or merger shall, without his consent, have his compensation reduced, or (except as provided in paragraph (2) and paragraph (8) of this subsection) be discharged or furloughed during the four-year period after the date of the approval of such consolidation or merger. No such employee shall, without his consent, have his compensation reduced, or be discharged or furloughed, in contemplation of such consolidation and merger, during the six-month period immediately preceding such approval.

(8) Nothing contained in this subsection shall be construed to prevent the discharge of any employee for insubordination, incompetency, or any other similar cause.

(9) All employees of any carrier resulting from any such consolidation or merger, with respect to their hours of employment, shall retain the rights provided by any collective bargaining agreement in force and effect upon the date of approval of such consolidation or merger until such agreement is terminated, executed, or superseded. Notwithstanding any other provision of this chapter, any agreement not prohibited by law pertaining to the protection of employees may hereafter be entered into by such consolidated or merged carrier and the duly authorized representative or representatives of its employees selected according to existing law.

(10) For purposes of enforcement or protection of rights, privileges, and immunities granted or guaranteed under this subsection, the employees of any such consolidated or merged carrier shall be entitled to the same remedies as are provided by sections 151–166 of Title 29 in the case of employees covered by said sections; and the National Labor Relations Board and the courts of the United States (including the courts of the District of Columbia) shall have jurisdiction and power to enforce and protect such rights, privileges, and immunities in the same manner as in the case of enforcement of the provisions of sections 151–166 of Title 29.

(11) Nothing contained in this subsection shall apply to any employee of any carrier which is a party to any such consolidation or merger whose compensation is at the rate of more than $5,000 per annum.

(12) Notwithstanding the provisions of paragraphs (1) and (7), the protection afforded therein for the period of four years from the date of approval of the consolidation or merger shall not, in the case of any particular employee, continue for a longer period, following such date of approval, than the aggregate period during which such employee was in the employ, prior to such date of approval, of one or more of the carriers which are parties to the consolidation or merger. As used in paragraphs (1), (2), and (7), the term "compensation" shall not include compensation attributable to overtime not guaranteed by collective bargaining agreements. (June 19, 1934, ch. 652, § 222, as added Mar. 6, 1943, ch. 10, § 1, 57 Stat. 5.)

1941—Act Nov 26, 1941, cited to text, amended par. (3), by adding all after the first sentence.

§ 703. Same; successor to lessees.

(1) Upon the death of the lessee, his interest in the tract or tracts and the improvements thereon, including growing crops, either on the tract or in any collective contract or program to which the lessee is a party by virtue of his interest in the tract or tracts, shall vest in the relatives of the decedent as provided in this paragraph. From the following relatives of the lessee: Husband and wife, children, widows or widowers of the children, grandchildren, brothers and sisters, widows or widowers of the brothers and sisters, or nieces and nephews, the lessee shall designate the person or persons to whom he directs his interest in the tract or tracts to vest upon his death. Such person or persons must be qualified to be a lessee of Hawaiian home lands: *Provided, however,* That Hawaiian blood requirements shall not apply to the descendants of those who are not native Hawaiians but who were entitled to the leased land under the provisions of section 704a of this title: *Provided further,* That such person or persons need not be twenty-one years of age. Such designation must be in writing, must be specified at the time of execution of such lease with a right in such lessee in similar manner to change such beneficiary at any time, and shall be filed with the commission and approved by the commission, in order to be effective to vest such interests in the successor or successors so named.

In the absence of such a designation as approved by the Commission, the Commission shall select from the relatives of the lessee in the order named above, as limited by the foregoing paragraph, one or more persons who are qualified to be lessees of Hawaiian home lands, except as hereinabove provided, as the successor or successors of the lessee's interest in the tract or tracts, and upon the death of the lessee, his interest shall vest in the person or persons so selected. The Commission may select such a successor or successors after the death of the lessee, and the rights to the use and occupancy of the tract or tracts may be made effective as of the date of the death of such lessee.

In the case of the death of a lessee leaving no such relative qualified to be a lessee of Hawaiian home lands, the land subject to the lease shall resume its status as unleased Hawaiian home lands and the Commission is authorized to lease such land to a native Hawaiian or Hawaiians as provided in this subchapter.

Upon the death of a lessee leaving no such relative qualified to be a lessee of Hawaiian home lands, or the cancelation of a lease by the Commission, or the surrender of a lease by the lessee, the Commission

shall appraise the value of all such improvements and growing crops and shall pay to the legal representative of the deceased lessee, or to the previous lessee, as the case may be, the value thereof, less any indebtedness to the Commission, or for taxes, or for any other indebtedness the payment of which has been assured by the Commission, from the deceased lessee or the previous lessee. Such payment shall be made out of the loan fund and shall be considered an advance therefrom reimbursable out of payments made by the successor or successors to the tract involved.

Such appraisal shall be made by three appraisers, one of which shall be named by the Commission, one by the previous lessee or the legal representative of the deceased lessee, as the case may be, and the third shall be selected by the two appraisers hereinbefore mentioned.

* * * * *

(3) Should any successor or successors to a tract be a minor or minors, the Commission may appoint a guardian therefor, subject to the approval of the court of proper jurisdiction. Such guardian shall be authorized to represent the successor or successors in all matters pertaining to the leasehold: *Provided*, That said guardian shall, in so representing such successor or successors, comply with the provisions of this subchapter and the stipulations and provisions contained in the lease, except that said guardian may not be a native Hawaiian as defined in section 692 of this title. (As amended Nov. 26, 1941, ch. 544, § 3, 55 Stat. 783.)

§ 707. Hawaiian home-loan and home-development funds and home-administration account; how constituted.

There is hereby established in the treasury of the Territory a revolving fund to be known as the Hawaiian home-loan fund and special funds to be known as the Hawaiian home-development fund and the Hawaiian home-administration account. Thirty per centum of the Territorial receipts derived from the leasing of cultivated sugarcane lands under any other provisions of law, or from water licenses, shall be deposited into the Hawaiian home-loan fund until the aggregate amount of moneys deposited therein from such two sources, together with moneys received and deposited therein from any other sources, not including, however, installment payments upon loans made to lessees or payments by a successor or successors to the tract representing reimbursements on account of the advance made pursuant to section 703 (1) of this title, shall equal $2,000,000. In addition to these moneys and the moneys covered into the loan fund as installments paid by lessees upon loans made to them as provided in paragraph 2 of section 709 of this title, there shall be deposited into said revolving fund all other moneys, except moneys received for the Hawaiian home-administration account, received by the Commission from any source whatsoever. The moneys in said fund shall be available only for loans to lessees as provided for in this subchapter, for interest and sinking fund charges upon bonds issued for Hawaiian homes purposes and for the payments provided for in section 703 (1) of this title, and shall not be expended for any other purpose whatsoever, except that 25 per centum of the amount of moneys so covered into the said revolving fund annually shall be transferred into the Hawaiian home-development fund until the aggregate amount of such annual transfers shall equal $400,000. The moneys in said development fund shall be available, with the prior written approval of the Governor, for the construction of necessary improvements for domestic use and consumption of water, including the construction of pipe lines and reservoirs, for the construction of sanitary sewerage facilities and for the construction of roads through and over Hawaiian home lands. The Commission is authorized and empowered to use moneys in said fund, with the prior written approval of the Governor, to match Federal, Territorial, or county funds available for the above purposes and to that end is authorized to enter into such undertaking, agree to such conditions, transfer funds herein available for such expenditure and do and perform such other acts and things, as may be necessary or required, as a condition to securing match funds for such projects or works.

The entire receipts derived from any leasing of the "available lands" defined in section 698 of this title shall be deposited into the Hawaiian home-administration account. The moneys in said account shall be expended by the Commission for salaries and all other administration expenses of the Commission, not including structures and other permanent improvements, subject, however, to the following conditions and requirements:

(1) The Commission shall, at such time as the Governor may prescribe, but not later than November 15 preceding each biennial session of the legislature, submit to the territorial director of the bureau of the budget its budget estimates of expenditures for the next ensuing biennium in the manner and form and as required by territorial law of territorial departments and establishments.

(2) The Commission's budget, if it meets with the approval of the Governor, shall be included in the Governor's budget report and shall be transmitted to the legislature for its approval. The total amount of the Commission's budget shall in no event exceed the amount of $140,000 for the biennium.

(3) Upon approval by the legislature of the Commission's budget estimate of expenditures for the ensuing biennium or if no action hereon is taken by the legislature prior to adjournment, the amount thereof shall be available to the Commission for said biennium and shall be expendable by the Commission for the expenses hereinabove provided; any amount of money in said account in excess of the amount

approved by the legislature for the biennium shall be transferred to the general fund of the treasury of the Territory, such transfer to be made immediately after the amount of moneys deposited in said administration account shall equal the amount approved by the legislature.

(4) The moneys in said administration account shall be expended by the Commission in accordance with Territorial laws, rules, and regulations and practices:

Provided, however, That the receipts from the leasing of available lands as defined in section 698 of this title shall not be covered into said account until July 1, 1943: *Provided further,* That for the biennium commencing July 1, 1941, and ending June 30, 1943, the amount of money appropriated by the Territorial legislature for the Commission, whether or not in excess of $140,000, shall be deposited in said account and shall be expended as herein provided. (As amended Nov. 26, 1941, ch. 544, § 4, 55 Stat. 784.)

§ 707a. Same; investment of loan funds; disposition of proceeds.

The Commission shall have the power and authority to invest and reinvest any of the moneys in the loan fund, not otherwise immediately needed for the purposes of the fund, in such bonds and securities as authorized by territorial law for the investment of territorial sinking fund moneys. Any interest or other earnings arising out of such investments shall be credited to and deposited in said fund and shall be included in and considered as a deposit from other sources, as provided for in section 707 of this title. (July 9, 1921, ch. 42, § 225, as added Nov. 26, 1941, ch. 544, § 8, 55 Stat. 787.)

§ 709. Same; conditions in contracts of loan.

(1) Each contract of loan with the lessee or any successor or successors to his interest in the tract shall be held subject to the following conditions, whether or not stipulated in the contract of loan: The amount of loans at any one time to any lessee, or successor or successors in interest, of a tract of agricultural or pastoral land shall not exceed $3,000 and to any lessee, or successor or successors in interest, of a residence lot shall not exceed $1,000: *Provided,* That where, upon the death of a lessee leaving no relative qualified to be a lessee of Hawaiian home lands, or the cancelation of a lease by the Commission, or the surrender of a lease by the lessee, the Commission shall make the payment provided for by section 703 (1) of this title, the amount of any such payment made to the legal representative of the deceased lessee, or to the previous lessee, as the case may be, shall be considered as part or all, as the case may be, of any such loan to the successor or successors, without limitation as to the above maximum amounts: *Provided further,* That in case of the death of a lessee, or the cancelation of a lease by the Commission, or the surrender of a lease by the lessee, the successor or successors to the tract shall assume any outstanding loan or loans thereon, if any, without limitation as to the above maximum amounts but subject to the provisions of paragraph (3) of this section.

(2) The loan shall be repaid upon an amortization plan by means of a fixed number of installments, such installments to be monthly, quarterly, semiannual, or annual as may be determined by the Commission in each case, sufficient to cover (a) interest on the unpaid principal at the rate of 3 per centum per annum, and (b) such amount of the principal as will extinguish the debt within an agreed period not exceeding thirty years. The moneys received by the Commission from any installment paid upon such loan shall be covered into the fund. The payment of any installment due shall, with the concurrence therein of at least three of the five members of the Commission, be postponed in whole or in part by the Commission for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest at the rate of 3 per centum per annum on the unpaid principal.

(3) In case of the death of a lessee the Commission shall, in any case, permit the successor or successors to the tract to assume the contract of loan subject to the provisions of paragraph (1) of this section. In case of the cancelation of a lease by the Commission, or the surrender of a lease by the lessee, the Commission may, at its option, declare all installments upon the loan immediately due and payable, or permit the successor or successors to the tract to assume the contract of loan subject to the provisions of paragraph (1) of this section. The Commission may, with the concurrence therein of at least three of the five members, in such cases where the successor or successors to the tract assume the contract of loan, waive the payment, wholly or in part, of interest already due and delinquent upon said loan, or postpone the payment of any installment thereon, wholly or in part, until such later date as it deems advisable. Such postponed payments shall, however, continue to bear interest at the rate of 3 per centum on the unpaid principal. Further, the Commission may, with the concurrence therein of at least three of the five members, if it deems it advisable and for the best interests of the lessees, write off and cancel, wholly or in part, the contract of loan of the deceased lessee, or previous lessee, as the case may be, where such loans are delinquent and deemed uncollectible. Such write-off and cancelation shall be made only after an appraisal of all improvements and growing crops on the tract involved, such appraisal to be made in the manner and as provided for by section 703 (1) of this title. In every such case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to the provisions of paragraph (1) of this section.

* * * * *

(7) Whenever the Commission shall determine that a lessee is delinquent in the payment of his indebtedness to the Commission it may require such lessee to execute an assignment to it, not to exceed, however, the amount of the total indebtedness of such lessee, including the indebtedness to others the payment of which has been assured by the Commission, of all moneys due or to become due to such lessee by reason of any agreement or contract, collective or otherwise, to which the lessee is a party by virtue of his interest in the tract. Failure to execute such an assignment when requested by the Commission shall be sufficient ground for cancelation of the lessee's lease or interest therein. (As amended Nov. 26, 1941, ch. 544, § 5, 55 Stat. 785.)

The legislature of the Territory is authorized to appropriate out of the treasury of the Territory such sums as it deems necessary to augment the Hawaiian home-loan fund, the Hawaiian home-development fund, and the Hawaiian home-administration account, and to provide the Commission with funds sufficient to execute and carry on such projects and activities.
